"Our sexual encounter played in my mind like it happened yesterday. Do you know that my body still reacts from that, from you? Just the memory of it still does something to me. Thinking about it now, I know it wasn't "just sex" to me. Being with you was an experience. The way you kissed me, the way you touched me. I can still remember the way I felt that night. Every time I lay in my bed I think about the way I laid there while your hands explored my body. This may sound weird, but I can still feel you inside me. At first, I thought it was just good sex, but then, I realized it was just you." Excerpt from Infidelities I "A collection of dirty short stories that stimulate the mind and introduce the possibilities of new fantasies." Shaniqua Westbury "This is a wonderful book of everyday real life stories that many can relate to." Denishia Williams
