“ This is a delightful and funny adventure ... It is also lonely, dangerous and frightening. ” —THE LONDON TIMES He survived a terrifying crocodile attack off Australia ’ s Queensland coast, blood poisoning in the middle of the Pacific, malaria in Indonesia and China, and acute mountain sickness in the Himalayas. He was hit by a car and left for dead with two broken legs in Colorado, and incarcerated for espionage on the Sudan-Egypt border. The first in a thrilling adventure trilogy, *Dark Waters* charts one of the longest, most gruelling, yet uplifting and at times irreverently funny journeys in history, circling the world using just the power of the human body, hailed by the London Sunday Times as “ The last great first for circumnavigation. ” But it was more than just a physical challenge. Prompted by what scientists have dubbed the “ perfect storm ” as the global population soars to 8.3 billion by 2030, adventurer Jason Lewis used *The Expedition* to reach out to thousands of schoolchildren, calling attention to our interconnectedness and shared responsibility of an inhabitable Earth for future generations. \* \* WINNER of the BENJAMIN FRANKLIN AWARD & ERIC HOFFER AWARD \* \* “ Often funny and irreverent, always frank and authentic, Lewis ’ s first volume of *The Expedition* series is also marked by the thrills of a first-rate adventure. ” —FOREWORD REVIEWS “ Skating through Alabama with long hair, duct tape on the nipples, and

women ' s culottes ... What were you thinking? ” —JAY LENO, *The Tonight Show* “ A riveting true-life adventure as inspiring as it is thrilling. ” —UTNE READER “ An extraordinary expedition on an epic scale. ” —BEN FOGLE, television presenter and adventurer “ Last great first for circumnavigation. ” —THE SUNDAY TIMES “ Truly a tale for our time. You really smell, taste and breathe this journey in a way that is only possible by travelling more slowly. ” —ROYAL SCOTTISH GEOGRAPHICAL SOCIETY

A world list of books in the English language.

A riveting account of a landmark expedition that left only one survivor, now back in print for the first time in decades. *Arabia Felix* is the spellbinding true story of a scientific expedition gone disastrously awry. On a winter morning in 1761 six men leave Copenhagen by sea—a botanist, a philologist, an astronomer, a doctor, an artist, and their manservant—an ill-assorted band of men who dislike and distrust one another from the start. These are the members of the Danish expedition to Arabia Felix, as Yemen was then known, the first organized foray into a corner of the world unknown to Europeans. The expedition made its way to Turkey and Egypt, by which time its members were already actively seeking to undercut and even kill one another, before disappearing into the harsh desert that was their destination. Nearly seven years later a single survivor returned to Denmark to find himself forgotten and all the

specimens that had been sent back ruined by neglect. Based on diaries, notebooks, and sketches that lay unread in Danish archives until the twentieth century, Arabia Felix is a tale of intellectual rivalry and a comedy of very bad manners, as well as an utterly absorbing adventure. Arabia Felix includes 33 line drawings and maps.
