Karl Heinrich Marx (German: [ma ʁ ks]; 5 May 1818 – 14 March 1883) was a German philosopher, economist, historian, sociologist, political theorist, journalist and socialist revolutionary. Born in Trier, Germany, Marx studied law and philosophy at university. He married Jenny von Westphalen in 1843.

Karl Marx - Wikipedia
The Father of Communism influenced world events. Karl Marx (May 5, 1818 – March 14, 1883), a Prussian political economist, journalist, and activist, and author of the seminal works, "The Communist Manifesto" and "Das Kapital," influenced generations of political leaders and socioeconomic thinkers. Also known as the Father of Communism, Marx's ideas gave rise to furious, bloody revolutions, ushered in the toppling of centuries-old governments, and serve as the foundation for political systems ...

A Brief Biography of Karl Marx - ThoughtCo
Born: May 5, 1818. Trier, Germany (formerly in Rhenish Prussia) Died: March 14, 1883. London, England. German philosopher and political leader. The German philosopher, revolutionary economist (one who studies the use of money and other material funds), and leader Karl Marx founded modern "scientific" socialism (a system of society in which no property is held as private).

Karl Marx: His Life and Environment is a 1939 biography of the philosopher Karl Marx by the historian of ideas Isaiah Berlin. In a 1995 interview with Michael Ignatieff, first broadcast on BBC Two in November 1997, after his death, Berlin described how he came to write the book: When I was first asked to do it···I read far more Marx that will ever be good for anyone else to read again···. He was pompous, heavy, highly intelligent, made heavy German jokes, quite good, rather a bully, of a ...

Karl Marx: His Life and Environment - Wikipedia
A very good biography on Karl Marx. The author initially wrote a more complete edition, that explored Marx's theories. But as time passed, the publishers requested a cut-back edition. And so this book, being reviewed here, is the slimmer volume. It looks at Marx's life - minus the meaning of his work.

Karl Marx: His Life and Works - Marxists Internet Archive
1. Karl Marx had poor health throughout his life. While Marx was never really diagnosed with anything in his life, he continuously dealt with several symptoms such as headaches, gallbladder issues, insomnia, liver problems, joint pain, and depression. Many historians who have studied Marx feel that he may have suffered from a chronic and painful skin disease known as hidradenitis suppurativa. This disease would have been made worse from Marx ' s continuous smoking and drinking. 2. His ...

Karl Marx: His Life and Work (1910) John Spargo
Karl Marx. First published Tue Aug 26, 2003; substantive revision Wed Apr 12, 2017. Karl Marx (1818 – 1883) is best known not as a philosopher but as a revolutionary, whose works inspired the foundation of many communist regimes in the twentieth century. It is hard to think of many who have had as much influence in the creation of the modern world. Trained as a philosopher, Marx turned away from philosophy in his mid-twenties, towards economics and politics.

Karl Marx (Stanford Encyclopedia of Philosophy)
Karl Marx Isaiah Berlin was born in Riga, now capital of Latvia, in 1909. When he was six, his family moved to Russia; there in 1917, in Petrograd, he witnessed both revolutions – social democratic and Bolshevik. In 1921 he and his parents came to England, and he was educated at St Paul ' s School, London, and Corpus Christi College, Oxford.

Monthly Review | Left Socialist Blog reviews " Karl Marx ...
Karl Marx spent most of his life in exile. He was exiled from his native Prussia in 1849 and went to Paris, from which he was expelled a few months later. He then settled in London, where he spent the rest of his life in dire poverty and relative obscurity. He was hardly known to the English public in his lifetime.

Isaiah Berlin's intellectual biography of Karl Marx has long been recognized as one of the best concise accounts of the life and thought of the man who had, in Berlin's words, a more "direct, deliberate, and powerful" influence on mankind than any other nineteenth-century thinker. A brilliantly lucid work of synthesis and exposition, the book introduces Marx's ideas and sets them in their context, explains why they were revolutionary in political and intellectual terms, and paints a memorable portrait of Marx's dramatic life and outsized personality. Berlin takes readers through Marx's years of adolescent rebellion and post-university communist agitation, the personal high point of the 1848 revolutions, and his later years of exile, political frustration, and intellectual effort. Critical yet sympathetic, Berlin's account illuminates a life without reproducing a legend. New features of this thoroughly revised edition include references for Berlin's quotations and allusions, Terrell Carver's assessment of the distinctiveness of Berlin's book, and a revised guide to further reading.

"First published over fifty years ago, Isaiah Berlin's compelling portrait of the father of modern Communism has long been considered the best short account written of Marx's life and thought. It provides a penetrating, lucid and comprehensive introduction to Marx as theorist of the socialist revolution, illuminating his personality and ideas, concentrating on those which have historically formed the central core of Marxism. In turn, Berlin presents an account of Marx's life as one of the most influential and incendiary social philosophers of the nineteenth century and brilliantly depicts the social and political atmosphere in which Marx wrote. This edition includes a new introduction by Alan Ryan which traces the place of Berlin's Karl Marx from its pre-World War II publication to the present, and shows why Berlin's portrait remains a classic account of the personal and political side of this monumental figure." -- Publisher.

First published over fifty years ago, Isaiah Berlin's compelling portrait of the father of socialism has long been considered a classic of modern scholarship and the best short account written of Marx's life and thought. It provides a penetrating, lucid, and comprehensive introduction to Marx as theorist of the socialist revolution, illuminating his personality and ideas, and concentrating on those which have historically formed the central core of Marxism as a theory and practice. Berlin goes on to present an account of Marx's life as one of the most influential and incendiary social philosophers of the twentieth century and depicts the social and political atmosphere in which Marx wrote.This edition includes a new introduction by Alan Ryan which traces the place of Berlin's Marx from its pre-World War II publication to the present, and elucidates why Berlin's portrait, in the midst of voluminous writings about Marx, remains the classic account of the personal and political side of this monumental figure.

This is a new release of the original 1929 edition.

This biography of the philosopher and political revolutionary describes his childhood and family life along with his public life as an agitator and dissident and compares him to his contemporaries including Napoleon III, Bismarck, Adam Smith and Charles Darwin. 15,000 first printing.

Epic new biography of Karl Marx for the 200th anniversary of his birth In this essential new biography—the first to give equal weight to both the work and life of Karl Marx—Sven-Eric Liedman expertly navigates the imposing, complex personality of his subject through the turbulent passages of global history. A World to Win follows Marx through childhood and student days, a difficult and sometimes tragic family life, his far-sighted journalism, and his enduring friendship and intellectual partnership with Friedrich Engels. Building on the work of previous biographers, Liedman employs a commanding knowledge of the nineteenth century to create a definitive portrait of Marx and his vast contribution to the way the world understands itself. He shines a light on Marx ' s influences, explains his political and intellectual interventions, and builds on the legacy of his thought. Liedman shows how Marx ' s masterpiece, Capital, illuminates the essential logic of a system that drives dizzying wealth, grinding poverty, and awesome technological innovation to this day. Compulsively readable and meticulously researched, A World to Win demonstrates that, two centuries after Marx ' s birth, his work remains the bedrock for any true understanding of our political and economic condition.
