10 Essential Keys to Strategic Planning: A Practical Guide to Building Value in Business combines insight from the author’s professional experience and scholarly articles to explore a variety of topics related to strategic planning and its numerous benefits. The book contains ten chapters with each highlighting an essential key to building value in the practical application of business tools. The chapters follow the creation, launch, and execution stages of a strategic plan, with coverage of vital tools such as the roles of negotiations, business ethics, leadership, and business communications to the successful implementation of the plan. Each chapter features an introduction, pre-reading questions, an article, post-reading questions, and a summary. Students learn how a strategic plan can provide a company with a road map from its present state to future success. Designed to help students better recognize the relevance and importance of planning to build value in their personal and professional lives, 10 Essential Keys to Strategic Planning is an excellent resource for upper-level undergraduate courses in strategic management or capstone courses within business programs.

If you are living paycheck to paycheck, fighting with your spouse about money, unemployed or always stressed about how to pay your bills, this book is for you. If you do not have any peace when it comes to money, this book is for you. If you believe that you are doing everything right, but you can ’ t quite get where you need to be financially, this book is for you. Personal finance is as easy as ABC. Most of us get the math, but it is the emotions of personal finance that we have trouble with. And since personal finance is 90% emotion and 10% math, this may explain why you are struggling. In this book, you will find everything you need to know about every aspect of personal finances and from someone who has been there. We will cover everything from buying a house to budgeting to getting out of debt. This is not a miracle program or a magic pill. This is about a lifestyle of handling money that will give you joy, peace and freedom beyond what you could ever dream of having. Live the dream!

Identifies four self-limiting beliefs that impede one’s experience of freedom, true happiness, and love.

‘Happiness is not something ready made. It comes from your own actions’ The Dalai Lama, patron of Action for Happiness. Vanessa King, positive psychology expert for Action for Happiness has created 10 key evidence-based actions that have been shown to increase happiness and wellbeing - at home, at work and in the world around you. If you have read The Art of Happiness, The Happiness Project or Sane New World, this book will be the perfect complement. We all want to be happy but what does that actually mean and what can we do in our everyday lives to be happier? Fortunately, psychologists, neuroscientists and other experts now have evidence of what really makes a difference and helps us to be happier and more resilient to life’s ups and downs. In this book, Vanessa King of Action for Happiness has drawn on the latest scientific studies to create a set of evidence-based practical actions. They will help you connect with people, nurture your relationships and find purpose. You’ll get ideas for taking care of your body, making the most of what’s good and finding new ways to stimulate your mind. So here are the 10 Keys to Happier Living - ideas, insights and practical actions that you can take to create more happiness for yourself and those around you.

Brain-friendly strategies to help all students become lifelong readers This book is the definitive resource on how the brain creates meaning from print. Drawing from five key areas of neurocognitive research, Andrew Johnson provides a ten-point teaching strategy that encompasses vocabulary, fluency, comprehension, writing and more. A key resource for creating intervention plans for struggling readers, features include: Information on the importance of emotions in the process of overcoming reading struggles Strategies to promote voluntary reading, even for the most reluctant students Useful resources such as graphic organizers, additional reading and writing activities, and QR codes that link to videos

As Leadership goes, so goes the group, the organization, the nation, et al. Yet in spite of this multi-millennial axiom and the simple fact that we are the best leadershipeducated society in the history of business, our encounters with genuine leaders remain extremely rare. Real Leadership! Are You Ready? examines this perplexing phenomenon and qualifies the problem as an unwillingness and/or inability to use new leadership information to improve our performance. It also provides the solution: a Leadership Enrichment LIFE-cycle (LEL-c) to help individuals and organizations build and sustain durable Leadership Platforms. If you are ready to enrich your personal leadership and raise the level of leadership in your organization, this book is for you. But I caution you ahead of time—this book and its measures of merit are a little different than the typical leadership development offering. It won ’ t offer instant solutions or allow for a casual engagement by the passive reader. No! It offers much more than that. The principal measure of merit for Real Leadership! Are You Ready? is the extent to which it will steal you and your organization away from the impersonal and futile trappings of fake leadership and enable you to move toward the personal and productive outcomes of Real Leadership. With your commitment and this book as a guide, the personal and organizational platforms that emerge will not only provide better support for the weight of those who choose to follow your lead, they will actually be able to withstand the world ’ s difficult tests of time and torrent.

Think of it! Think of the people who drift aimlessly through life, dissatisfied, struggling against a great many things, but without a clear-cut goal. Can you state, right now, what it is that you want out of life? Fixing your goals may not be easy. It may even involve some painful self-examination. But it will be worth whatever effort it costs, because as soon as you can name your goal, you can expect to enjoy many advantages. With contemporary commentary by Judith Williamson, the director of the Napoleon Hill World Learning Center, Napoleon Hill ’ s Keys to Personal Achievement will provide you with: Alert imagination Contagious enthusiasm Greater initiative Increased self-reliance A new world-view A larger vision Decreased problems Magnetic personality Higher hopes and ambitions Try it and see. Think of change as growth. You are the one who holds the key to your success. Nothing holds you back except yourself. Get out of your own way, and move forward. You can do it if you believe you can!

With the recent Electronic Signatures in Global and National Commerce Act, public key cryptography, digital signatures, and digital certificates are finally emerging as a ubiquitous part of the Information Technology landscape. Although these technologies have been around for over twenty years, this legislative move will surely boost e-commerce act
