One of the Ten Best Books of The New York Times Book Review Winner of the Los Angeles Times Book Prize Now a miniseries from Hulu starring James Franco ON NOVEMBER 22, 1963, THREE SHOTS RANG OUT IN DALLAS, PRESIDENT KENNEDY DIED, AND THE WORLD CHANGED. WHAT IF YOU COULD CHANGE IT BACK? In this brilliantly conceived tour de force, Stephen King—who has absorbed the social, political, and popular culture of his generation more imaginatively and thoroughly than any other writer—takes readers on an incredible journey into the past and the possibility of altering it. It begins with Jake Epping, a thirty-five-year-old English teacher in Lisbon Falls, Maine, who makes extra money teaching GED classes. He asks his students to write about an event that changed their lives, and one essay blows him away—a gruesome, harrowing story about the night more than fifty years ago when Harry Dunning’s father came home and killed his mother, his sister, and his brother with a sledgehammer. Reading the essay is a watershed moment for Jake, his life—like Harry’s, like America’s in 1963—turning on a dime. Not much later his friend Al, who owns the local diner, divulges a secret: his storeroom is a portal to the past, a particular day in 1958. And Al enlists Jake to take over the mission that has become his obsession—to prevent the Kennedy assassination. So begins Jake’s new life as George Amberson, in a different world of Ike and JFK and Elvis, of big American cars and sock hops and cigarette smoke

everywhere. From the dank little city of Derry, Maine (where there's Dunning business to conduct), to the warmhearted small town of Jodie, Texas, where Jake falls dangerously in love, every turn is leading eventually, of course, to a troubled loner named Lee Harvey Oswald and to Dallas, where the past becomes heart-stoppingly suspenseful, and where history might not be history anymore. Time-travel has never been so believable. Or so terrifying.

Receiving a horrific essay from a GED student with a traumatic past, high-school English teacher Jake Epping is enlisted by a friend to travel back in time to prevent the assassination of John F. Kennedy, a mission for which he must reacclimate to 1960s culture and befriend troubled loner Lee Harvey Oswald. (suspense). Reissue.

More than twenty-five stories of horror and nightmarish fantasy transform everyday situations into experiences of compelling terror in the worlds of the living, the dying, and the nonliving.

It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have

gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including *Bag of Bones*, *Hearts in Atlantis*, and *11/22/63*. But it all starts with *It*. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

From legendary master storyteller Stephen King, a riveting story about "an ordinary man in an extraordinary condition rising above hatred" (The Washington Post) and bringing the fictional town of Castle Rock, Maine together—a "joyful, uplifting" (Entertainment Weekly) tale about finding common ground despite deep-rooted differences, "the sign of a master elevating his own legendary game yet again" (USA TODAY). Although Scott Carey doesn't look any different, he's been steadily losing weight. There are a couple of other odd things, too. He weighs the same in his clothes and out of them, no matter how heavy they are. Scott doesn't want to be poked and prodded. He mostly just wants someone else to know, and he trusts Doctor Bob Ellis. In the small town of Castle Rock, the setting of many of King's most iconic stories, Scott is engaged in a low grade—but escalating—battle with the lesbians next door whose

dog regularly drops his business on Scott's lawn. One of the women is friendly; the other, cold as ice. Both are trying to launch a new restaurant, but the people of Castle Rock want no part of a gay married couple, and the place is in trouble. When Scott finally understands the prejudices they face—including his own—he tries to help. Unlikely alliances, the annual foot race, and the mystery of Scott's affliction bring out the best in people who have indulged the worst in themselves and others. "Written in masterly Stephen King's signature translucent...this uncharacteristically glimmering fairy tale calls unabashedly for us to rise above our differences" (Booklist, starred review). *Elevation* is an antidote to our divisive culture, an "elegant whisper of a story" (Kirkus Reviews, starred review), "perfect for any fan of small towns, magic, and the joys and challenges of doing the right thing" (Publishers Weekly, starred review).

Stephen King's legendary debut, the bestselling smash hit that put him on the map as one of America's favorite writers "Gory and horrifying. . . . You can't put it down." —Chicago Tribune Unpopular at school and subjected to her mother's religious fanaticism at home, Carrie White does not have it easy. But while she may be picked on by her classmates, she has a gift she's kept secret since she was a little girl: she can move things with her mind. Doors lock. Candles fall. Her ability has been both a power and a problem. And when she finds herself the recipient of a sudden act of kindness, Carrie feels like she's finally been given a chance to be normal. She hopes that the nightmare of her classmates' vicious taunts is over . . . but an unexpected and cruel prank

A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.

#1 New York Times bestselling author Stephen King's terrifying novella about a town engulfed in a dense, mysterious mist as humanity makes its last stand against unholy destruction—originally published in the acclaimed short story collection *Skeleton Crew* and made into a TV series, as well as a feature film starring Thomas Jane and Marcia Gay Harden. In the wake of a summer storm, terror descends...David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies following a freak storm. Once there, they become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on their nerves, a religious zealot, Mrs. Carmody, begins to play on their fears to convince them that this is God's vengeance for their sins. She insists a sacrifice must be made and two
