Applied Learning Approach, 13th Edition offers a wide range of exercises to reinforce your understanding of common administrative skills — including CAAHEP and ABHES competencies. A variety of exercises test your knowledge and critical thinking skills with vocabulary review, multiple choice, fill in the blank, and true/false questions. Additional exercises enhance learning with skills and concepts, word puzzles, case studies, workplace applications, and Internet activities. Procedure checklists help you track your performance of every procedure included in the textbook. Work products allow you to provide documentation to instructors and to accrediting organizations when a competency has been mastered. Cross-references tie together exercises in the study guide to the Connections theme in the main text. NEW! Eight procedure checklists based on CAAHEP competencies provide an assessment tool for MA procedures. NEW! Glucometer test results and Mantoux test records allow you to assess how well you're able to perform these procedures. NEW! Coverage of ICD-10 prepares you to use this new code set. NEW! SimChart for the Medical Office Connection ties EHR cases to appropriate chapters.

Michael R. Stead introduces the books of Haggai, Zechariah, and Malachi in light of the latest biblical scholarship. Over the past four decades, there has been an explosion of interest in the postexilic prophets and their role within the Book of the Twelve, which has coincided with paradigm shifts in biblical studies generally. This study guide integrates insights from both historio-critical and literary approaches to examine the authorship, form, structure, and composition of these texts. In particular, this guide explores how the intertextual connections with other scriptures help to shape their meaning. It includes a concise section-by-section overview that highlights key interpretive issues and guides readers in their approach to the text.

It's a fun, visual review for the NCLEX! Illustrated Study Guide for the NCLEX-RN® Exam, 8th Edition covers all the nursing concepts and content found on the latest NCLEX-RN examination. A concise outline format makes studying easier, and 2,300 NCLEX exam-style review questions (including alternate item formats) are included to test your knowledge at the end of each chapter and on the Evolve companion website. Written by NCLEX expert JoAnn Zerwekh, this study guide uses colorful illustrations and mnemonic cartoons to help you remember key concepts for the NCLEX-RN exam. UNIQUE! Mnemonic cartoons provide a fun, easy way to review and remember key nursing concepts and disease processes. UNIQUE! The integrated systems approach incorporates pediatric, adult, and older adult lifespan considerations in each body system chapter. UNIQUE! Appendixes for each chapter summarize medications and nursing procedures for quick reference. Electronic alternate item format questions on Evolve prepare you for the interactive question types on the computerized NCLEX examination, including priority drag-and-drop and hot-spot (illustrated point-and-click) questions. Practice questions on the Evolve companion website are available in both study and quiz modes and separated by content area, allowing you to create a customized review experience based on your personal study needs. Answers and rationales for all review questions show why correct answers are right and incorrect options are wrong. NEW! 2,300 review questions are now included on the Evolve companion website. Two NEW alternate item question types are added: graphic options and questions incorporating audio. UPDATED content reflects the latest NCLEX-RN test plan and incorporated important clinical updates. NEW! Page references to an Elsevier textbook are provided with each question, for further study and self-remediation. NEW! Disorder names are highlighted in color in the index for quick reference. EXPANDED coverage of management of care reflects the increased percentage of this content on the NCLEX-RN test plan.
