'It is not our struggle to be happy that is mistaken; it is our false idea that we can find happiness anywhere but in ourselves... happiness does not depend on outward things. It is born of the mind. It is nourished by the mind, it is what rises, like breath in a frosty air, from the mind's wrestling with its fate...'. The Art of Happiness (first published in 1935) belongs to John Cowper Powys's sequence of philosophical writings, and finds him exploring the problem of how man lives with his fellow man, and also with woman - that is to say, here, as opposed to the abstract arguments concerning Man in the universe, Powys is concerned with the practical arguments such as arise between man and his neighbour, his wife, his lover - and also with man's arguments against himself, all in the pursuit of happiness. The careful reader will find herein hints, clues, intimations, as to how we all might become a little happier - an invitation few of us would feel so fortunate as to refuse.

Commemorating Bruce Springsteen's twenty-five years as a recording artist, here is a panoramic view of his career in a form never seen before. This is the complete collection of Bruce Springsteen's recorded lyrics, illustrated with hundreds of never-before-published images from some of rock & roll journalism's greatest photographers, including Annie Leibovitz, David Gahr, Lynn Goldsmith, Bruce Weber, and many others. From Jim Marchese's informal backstage shots during the European leg of the 1980 The River tour to Neal Preston's amazing documentation of the Born in the U.S.A. days to Pam Springsteen's portraits showing a side of the musician rarely seen by the public, this is the most intimate look at Bruce Springsteen ever published. The photos and lyrics are accompanied by original commentary by Springsteen, in which he reflects on the songs, the performances, and the quarter-century career that for many defines the American dream. In words and in pictures, here is the one book no Bruce Springsteen fan can afford to be without.
