This is a maintenance and repair manual for the DIY mechanic. The book covers the Mitsubishi Pajero, 1997-2009 models.

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.1 [margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial]

Yamaha YZF-R1 1998-2003

Step by step instructions with plenty of photographs, plus detailed information on 6 cylinder 1HZ, 1HD-T, 1HD-FT and 1HD-FTE Toyota Landcruiser vehicles including turbo versions from 1990 to 2002, 4WD. for 70's, 80's and 100's Series body styles.
