1L of a Ride provides a candid step-by-step roadmap to both academic and emotional success in law school's critical first year. Covered topics in this newly updated, revised, and expanded second edition include: top student fears, the first-year curriculum, effective class participation, types of law students and professors, case-briefing, note-taking, course-outlining, legal research and writing, exam preparation, essay and multiple-choice exam strategies, stress management, the impact of law school on outside relationships, special challenges faced by part-time and nontraditional students, and much more. Shows rather than tells with dozens of anecdotes and comments from real law students, as well as authentic samples of Socratic dialogue, exam questions, student case briefs, class notes, and course outlines. McClurg is an award-winning professor and noted legal humorist with experience teaching at several law schools.

Description Coming Soon!

Law school can be a joyous, soul-transforming challenge that leads to a rewarding career. It can also be an exhausting, self-limiting trap. It all depends on making smart decisions. When every advantage counts, A Student ' s Guide to Law School is like having a personal mentor available at every turn. As a recent graduate and an appellate lawyer, Andrew Ayers knows how high the stakes are—he ' s been there, and not only did he survive the experience, he graduated first in his class. In A Student ' s Guide to Law School he shares invaluable insight on what it takes to make a successful law school journey. Originating in notes Ayers jotted down while commuting to his first clerkship with then-Judge Sonia Sotomayor, and refined throughout his first years as a lawyer, A Student ' s Guide to Law School offers a unique balance of insider ' s knowledge and professional advice. Organized in four parts, the first part looks at tests and grades, explaining what ' s expected and exploring the seven choices students must make on exam day. The second part discusses the skills needed to be a successful law student, giving the reader easy-to-use tools to analyze legal materials and construct clear arguments. The third part contains advice on how to use studying, class work, and note-taking to find your best path. Finally, Ayers closes with a look beyond the classroom, showing students how the choices they make in law school will affect their career—and even determine the kind of lawyer they become. The first law school guide written by a recent top-ranked graduate, A Student ' s Guide to Law School is relentlessly practical and thoroughly relevant to the law school experience of today ' s students. With the tools and advice Ayers shares here, students can make the most of their investment in law school, and turn their valuable learning experiences into a meaningful career.

Professors Fischl and Paul explain law school exams in ways no one has before, all with an eye toward improving the reader ' s performance. The book begins by describing the difference between educational cultures that praise students for " right answers, " and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct. Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations. But the authors don ' t stop with mere description. Instead, Getting to Maybe teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems. The book contains hints on studying and preparation that go well beyond conventional advice. The authors also illustrate how to argue both sides of a legal issue without appearing wishy-washy or indecisive. Above all, the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage. In sum, although the authors believe that no exam guide can substitute for a firm grasp of substantive material, readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance. " This book should revolutionize the ordeal of studying for law school exams... Its clear, insightful, fun to read, and right on the money. " —Duncan Kennedy, Carter Professor of General Jurisprudence, Harvard Law School " Finally a study aid that takes legal theory seriously... Students who master these lessons will surely write better exams. More importantly, they will also learn to be better lawyers. " —Steven L. Winter, Brooklyn Law School " If you can't spot a 'fork in the law' or a 'fork in the facts' in an exam hypothetical, get this book. If you don ' t know how to play 'Czar of the Universe' on law school exams (or why), get this book. And if you do want to learn how to think like a lawyer—a good one—get this book. It's quite simply, stone cold brilliant. " — Pierre Schlag, University of Colorado School of Law (Law Preview Book Review on The Princeton Review website) Attend a Getting to Maybe seminar! Click here for more information.

Assigned as required or recommended reading at law schools throughout the country, 1L of a Ride provides a candid, comprehensive roadmap to both academic and emotional success in law school's crucial first year. Told in an accessible first-person voice, covered topics in the revised and updated third edition include pre-planning, top student fears, first-year curriculum, the Socratic and case methods of teaching, effective class participation, top habits of successful students, essential study techniques, legal research and writing, exam strategies, maintaining well-being, and much more. Combines anecdotes, comments from law students, empirical research, and authentic samples of signature documents from the 1L experience, including exam questions, Socratic dialogue, and student case briefs, class notes, and course outlines. McClurg is an award-winning professor who has taught at six different law schools. This version comes with an access code to a first-of-its-kind online video course designed to reinforce the reading. These thirteen videos address subjects covered in the book, often from fresh angles, and cover new topics. Along with McClurg, the videos feature award-winning law professors Christine Coughlin (Wake Forest University), Meredith Duncan (University of Houston), and Nancy Levitt (University of Missouri-Kansas City). Each video is roughly ten minutes, followed by a short self-assessment quiz. They include: 1. Introduction to the Video Course 2. Planning Ahead and Biggest Fears 3. Structure and Role of U.S. Courts 4. Socratic and Case Methods 5. Overview of First-Year Curriculum 6. First-Year Sample Course: Torts 7. How to Read and Brief a Case 8. The C.R.E.D.O.--Top Five Habits of Successful Law Students 9. Essential Study Techniques 10. Legal Research Basics 11. Legal Writing Basics 12. Managing Stress and Maintaining Well-Being 13. Professionalism Research shows students gain not only from reading, but seeing and hearing. In part because video helps accommodate diverse learning styles. Use the videos to enhance comprehension and retention. Studies also show students prefer and benefit from one-on-one facetime with professors, which the videos, while no match for the real thing, can help simulate.

Demystifying the First Year of Law School: A Guide to the 1L Experience provides law students with explicit frameworks for reading and analyzing court opinions in all first year courses. Using hypothetical classroom dialogues, the book explains how these frameworks will help student understand and participate in classroom discussions, answer questions on exams, and use the skills learned in the first year when representing clients in practice. Unraveling the mysteries of the first year of law school, authors Moore and Binder provide clear definitions, along with concrete examples, of the two types of legal issues typically addressed in court opinions illustrations of the six types of arguments routinely used by courts, lawyers and professors to resolve legal issues. These illustrations should help students understand a court's rationale for its decision and help students make legal arguments on exams and in practice a straightforward explanation for the use of the question-and-answer format in first year classrooms, with numerous illustrative examples of hypothetical in-class dialogues a step-by-step approach for briefing court opinions in preparation for class, along with a companion website with illustrative examples of case briefs of court opinions in subjects addressed in first year courses Written by top scholars drawing on their experience as authors and educators, Demystifying the First Year of Law School: A Guide to the 1L Experience, gives the benefit of experience to the uninitiated. It's ideal as a companion to any first year course, as a text in a legal methods or academic support course, or as background for a law school orientation program. A Teacher's Manual is available at www.aspenlawschool.com/books/moorebinder.

Each year, over 40,000 new students enter America's law schools. Each new crop experiences startlingly high rates of depression, anxiety, fatigue, and dissatisfaction. Kathrynne M. Young was one of those disgruntled law students. After finishing law school (and a PhD), she set out to learn more about the law school experience and how to improve it for future students. Young conducted one of the most ambitious studies of law students ever undertaken, charting the experiences of over 100 law students from over 100 different law schools, along with hundreds of alumni, dropouts, law professors, and more. How to Be Sort of Happy in Law School is smart, compelling, and highly readable. Combining her own observations and experiences with the results of her study and the latest sociological research on law schools, Young offers a very different take from previous books about law school survival. Instead of assuming her readers should all aspire to law-review-and-big-firm notions of success, Young teaches students how to approach law school on their own terms: how to tune out the drumbeat of oppressive expectations and conventional wisdom to create a new breed of law school experience altogether. Young provides readers with practical tools for finding focus, happiness, and a sense of purpose while facing the seemingly endless onslaught of problems law school presents daily. This book is an indispensable companion for today's law students, prospective law students, and anyone who cares about making law students' lives better. Bursting with warmth, realism, and a touch of firebrand wit, How to Be Sort of Happy in Law School equips law students with much-needed wisdom for thriving during those three crucial years.

One L. Scott Turow's journal of his first year at law school and a best-seller when it was first published in 1977, has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education, it brings alive the anxiety and competitiveness—with others and, even more, with oneself—that set the tone in this crucible of character building. Each September, a new crop of students enter Harvard Law School to begin an intense, often grueling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm? With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. In the new afterword for this edition of One L, the author looks back on law school from the perspective of ten years' work as a lawyer and offers some suggestions for reforming legal education.

Many books give law students advice about how to navigate through their first year of law school. This book strives to be something different. The purpose of "One L of a Year" is to focus on the reading, studying and testing strategies used by the most successful law students. This book is more than advice—it is a learning guide based upon empirical research and statistical correlations between law student learning and their law school GPAs. Most importantly, this book attempts to show you what high-ranking law students have done to achieve success during their first year. It's one thing to read about how to take a law school essay exam—it's quite another thing to see examples of student essays, outlines, legal memoranda, and multiple choice questions. With drive and determination, most students can get through law school. However, "One L of a Year" gives you the research-based skills to maximize your own success.

Are you thinking of attending law school or switching legal careers? About to graduate and wondering which path to take? Are you curious about what lawyers in different fields do in a typical day? Then spend twenty-four hours with twenty-four lawyers through this innovative book, 24 Hours with 24 Lawyers. Whether you want to be a full-time corporate lawyer, work as a legal consultant while pursuing your music career, or anything in between, this book gives you a unique ô all-access pass ô into the real-world, real-time personal and professional lives of twenty-four law school graduates. These working professionals each present you with a ô Profile ô chronicling a typical twenty-four-hour day in their traditional and non-traditional careers. You will read actual twenty-four-hour accounts from the perspective of a venture capitalist, Wall Street lawyer, lobbyist, entertainment lawyer, IP attorney, sports broadcaster, JAG officer, prosecutor, criminal defense lawyer, mediator, and politician, just to name a few. From the time they wake up in the morning to the time they go to bed, each professional illustrates what their position entails on a day-to-day basis and will give you invaluable, informative, and honest insight above and beyond what many brochures, guest lectures, career workshops, or law firm website descriptions can provide. After reading 24 Hours with 24 Lawyers, you'll be better prepared to determine which career Profile may suit you best before accepting a new job or investing in a legal education. Book jacket.
