Using Lady Morgan's The Wild Irish Girl as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's Castle Rackrent through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

In the 1720s and 1730s, Jean-Baptiste Oudry established himself as the preeminent painter in France of hunts, animals, still lifes, and landscapes. Oudry's Painted Menagerie focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752. These paintings eventually found their way into the ducal collection in Schwerin, Germany. Among them is the magnificent portrait of Clara, an Indian rhinoceros who became a celebrity in mid-eighteenth-century Europe. Her portrait has been out of public view for more than a century, and it is presented here in its newly conserved state.
