From award-  
winning musician  
and composer  
Warren Ellis  
comes the  
unexpected and

inspiring story  
of a piece of  
chewing gum.  
Featuring an  
introduction  
from Nick Cave.  
'Warren has  
turned this  
memento,  
snatched from  
his idol's piano  
in a moment of  
rapture, into a

KEVIN BARRY On Thursday 1 July, 1999, Dr Nina Simone gave a rare performance as part of Nick Cave's Meltdown Festival. After

the show, in a state of awe, Warren Ellis crept onto the stage, took Dr Simone's piece of chewed gum from the piano, wrapped it in her stage towel and put it in a Tower Records bag. The gum remained with

him for twenty  
years; a sacred  
totem, his  
creative muse,  
growing in  
significance  
with every  
passing year. In  
2019, Cave - his  
collaborator and  
great friend -  
asked Warren if  
there was  
anything he

could contribute  
to display in  
his Stranger  
Than Kindness  
exhibition.

Warren realised  
the time had  
come to release  
the gum.

Together they  
agreed it should  
be housed in a  
glass case like  
a holy relic.

**Diesel Manual**  
Worrying the gum would be damaged or lost, Warren decided to first have it cast in silver and gold, sparking a chain of events that no one could have predicted, one that would take him back to his childhood and his

relationship to  
found objects.  
Nina Simone's  
Gum is about how  
something so  
small can form  
beautiful  
connections  
between people.  
It is a story  
about the  
meaning we place  
on things, on  
experiences, and

how they become imbued with spirituality. It is a celebration of artistic process, friendship, understanding and love.
