Where there is horror can there be love? Jackson Hart is a survivor. It's been two years since the virus first hit the country, and she watched almost everyone she loves die...or turn into zombies with a ferocious and insatiable appetite for flesh. Her instincts and her machete keep her alive, even if she's forgotten almost everything she knows about living. Luke Granger never expected to see another living human being, let alone that she'd be a fiery little thing who stirs his blood. Outnumbered by the dead, their only hope of survival is to get the hell out of Chicago and head south. Food is running out, and the walking dead are no longer mindless. Jackson and Luke finally have something to live for—if they can just survive the night.

This first book to cover in-depth the generation of x-rays in particle accelerators focuses on electron beams produced by means of the novel Energy Recovery Linac (ERL) technology. The resulting highly brilliant x-rays are at the centre of this monograph, which continues where other books on the market stop. Written primarily for general, high energy and radiation physicists, the systematic treatment adopted by the work makes it equally suitable as an advanced textbook for young researchers.

This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, *Urban School Leadership* includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. *Urban School Leadership* is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. *Urban School Leadership* is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

Bakery shop owner Ella Mae LeFaye investigates after an arsonist burns an enchanted grove, with a devastating effect on Ella Mae's magic.

The excitement of Harry Potter continues! How much do you remember about the Prisoner of Azkaban and the Goblet of Fire books and movies? All 18 crossword puzzles contain clues from the third and fourth books/movies mixed with clues sourced from: --current events --popular culture (sports, movies, etc.) --and math, science and other academic subjects appropriate for grades 5-12. You may know what kind of water is used as a coolant in nuclear reactors but what is the name of the charm Cedric and Fleur used during the second task of the Triwizard Tournament? You may remember the name of the charm that will protect one from dementors but can you figure out which NBA team Harry Potter would probably be the biggest fan of? And the set of numbers 3, 4 and 5 is one example of Pythagorean \_\_\_\_\_? For more information and a free printable puzzle from the book, visit [www.studentcrosswordpuzzles.com](http://www.studentcrosswordpuzzles.com).

Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.
