With the critical management ratios required to understand how your company is performing, this book tells you what you need to know, fast. The work also includes 10 handy do's and don'ts of using management ratios.

This piano / keyboard chord book makes it easy to look up and find the chord you're looking for. It lists: Chords by letter name (for example, all chords starting with C), Chords by type or chord family (for example, all minor chords). Gives you the different chords you can use in a specific key. This makes it easy to create your own chord progressions to practice chords or a framework to write songs from. Chord Types: major minor (m) second (2) sixth (6) suspended & suspended 7ths ((sus / 4), sus7) seventh chords including 7, M7, m7 diminished & diminished 7th (dim, dim7) augmented (aug) ninth & add nine (9, add9) This is essentially a chord dictionary, perfect for beginners and also those who can read music. The chords are written out by letter name, on piano keys and in the treble clef. It's a compact 6x9 size. This would work well as a gift for anyone early teens and adults who are learning piano - or even would like to start learning. Great for piano beginners and those working towards playing jazz, gospel, pop and songs written lyrics and chords. The writing is large enough for adults and older adults to read without difficulty. Written by the creator and teacher of the You Can Play Piano Chords course.

The essential military tactics that have enabled commanders from Alexander the Great to General Giap to achieve victory on the battlefield. This groundbreaking book examines battle tactics that have achieved victory through the ages. Drawing on examples of battles on land, at sea, and in the air, the authors reveal the enduring value of each tactic in clear and compelling descriptions and analysis. How can you draw your enemy off-balance? When is the best moment to deliver a counterattack? What is the effect of shock action or defense in depth? This book shows how certain tactical concepts have stood the test of time. It illustrates how General Robert E. Lee, although heavily outnumbered, achieved a remarkable victory through an audacious flanking maneuver at Chancellorsville in 1863, and how the same bold move had been used effectively in Europe more than 600 years before by the King of France at Bouvines. It examines how Allied armies seized and retained the initiative through the airborne landings in Normandy in 1944, and how Soviet General Zhukov pierced enemy lines using Blitzkrieg tactics in Mongolia in 1939. The book features evocative photographs, illustrations, and paintings, and 28 specially commissioned battle plans.

Why we may be forgiven—but are not yet free In January 2009, Dr. Mark Stibbe left his role as the senior leader of a highly successful Anglican congregation. Taking a big step of faith, he founded a ministry called The Father's House, dedicated to taking the Father's love to the fatherless and bringing an end to the global pandemic of fatherlessness. Mark took this risk because he is convinced that our society has been deeply damaged by absent or brutal fathers. The churches can offer a solution—a healing relationship with our Heavenly Father—but many Christians have been poorly fathered and are bound by the legacy of this wound. As long as believers are restricted by the chains of their past, their churches will not be a part of the solution to fatherlessness; they will be a part of the problem. "The whole planet is waiting for Christian believers to rise up as the adopted sons and daughters of Abba, Father." I Am Your Father is designed to help free Christians from their father wounds, so that they are then capable of playing their part in healing our fatherless world. In part 1, Mark takes a detailed look at fatherlessness. He describes the different ways in which fathers can hurt their children and the ensuing toxic results. In part 2, he goes deeper, defining the wound as "the orphan heart" and describing the main symptoms of this condition in peoples' lives. In part 3, he shows how Christians can find true healing through experiencing the spirit of adoption and by using seven keys to freedom. Mark uses his own story of being orphaned and adopted as the backdrop to this teaching.

The strategy tools you need for your business to succeed! Let Key Strategy Tools be your guide to developing a winning strategy for your firm. Cherry-pick the most useful approaches for your business and create a robust strategy that withstands investor scrutiny and becomes your roadmap to success.
