Synopsis. August Pullman stole the hearts of over a million readers in the bestselling, award-winning WONDER. 365 DAYS OF WONDER is a beautiful companion to the novel: a collection of quotes and wise words, one for every day of the year. It includes funny, insightful, inspiring thoughts from WONDER's fans, famous authors and personalities - from Roald Dahl and Paul McCartney to Anne Frank, Tolkien and Popeye - and from the novel itself.

According to the Council of Graduate Schools, only 57 percent of students who start their Ph.D.s complete them within ten years, and many times itâ€(tm)s the thesis or dissertation that is holding them back. In this book, you will gain insight regarding the entire research process, from organizing your literature and materials most effectively to analyzing and evaluating the big picture for defense. You will learn how to locate and recognize a topic that is appropriate for your thesis or dissertation, and you will discover how to expand on the subject matter to ensure itâ€(tm)s unique and distinct from any other research out there. This book will ensure that your argument is strong, sound, and persuasive throughout your entire thesis or dissertation, from the introductory chapter through the summarizing conclusive statements, and you will learn how to do so without plagiarizing or cutting corners. You will master how to write ethically, objectively, and properly according to your academic subjectâ€(tm)s standards. With this book as your guide, you will even find out how your research can take you from a proposal to a published writing career. With this book, you will learn everything from the ground-level basics to the more detailed breakdown of the research process. You will gain a strong understanding of the difference between a thesis and dissertation, and you will grasp the components expected of your work â€(tm) regardless of the subject matter of your research. This book will walk you through the entire process step-by-step, teaching you how to structure a planning and writing schedule that will keep the process manageable and not overwhelming. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company presidentâ€(tm)s garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

Introduction to Programming with Visual Basic .NET introduces the major concepts and applications of this important language within the context of sound programming principles, in a manner that is accessible to students and beginning programmers. Coverage includes the new visual objects required in creating a Windows-based graphical user interface, event-based programming, and the integration of traditional procedural programming techniques with VB .NET's object-oriented framework. The text places a strong emphasis on real-world business applications, case studies, and rapid application development to help engage students with discussion of practical programming issues. A full range of supplements for students and instructors accompany the text.

Heinz Kohut's work represents an important departure from the Freudian tradition of psychoanalysis. A founder of the Self Psychology movement in America, he based his practice on the belief that narcissistic vulnerabilities play a significant part in the suffering that brings people for treatment. Written predominantly for a psychoanalytic audience Kohut's work is often difficult to interpret. Siegel uses examples from his own practice to show how Kohut's innovative theories can be applied to other forms of treatment.

This book gives a rigorous treatment of selected topics in classical analysis, with many applications and examples. The exposition is at the undergraduate level, building on basic principles of advanced calculus without appeal to more sophisticated techniques of complex analysis and Lebesgue integration. Among the topics covered are Fourier series and integrals, approximation theory, Stirling's formula, the gamma function, Bernoulli numbers and polynomials, the Riemann zeta function, Tauberian theorems, elliptic integrals, ramifications of the Cantor set, and a theoretical discussion of differential equations including power series solutions at regular singular points, Bessel functions, hypergeometric functions, and Sturm comparison theory. Preliminary chapters offer rapid reviews of basic principles and further background material such as infinite products and comonly applied inequalities. This book is designed for individual study but can also serve as a text for second-semester courses in advanced calculus. Each chapter concludes with an abundance of exercises. Historical notes discuss the evolution of mathematical ideas and their relevance to physical applications. Special features are capsule scientific biographies of the major players and a gallery of portraits. Although this book is designed for undergraduate students, others may find it an accessible source of information on classical topics that underlie modern developments in pure and applied mathematics.

'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised. Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of Girl with a Pearl Earring, The Miniaturist and The Indigo Girl. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about The Company Daughters: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading The Company Daughters, I was captivated by this historical tale. Although it does contain a love story, it's not a romance.This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about...There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I took forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

This brand-new manual provides high school students throughout the state of Virginia with in-depth preparation for the required Algebra I exam. The authors present an overview of the test, provide a calculator tutorial, and introduce algebraic expressions and operations. Following chapters offer review and practice in equations and inequalities, relations and functions, and statistics and data analysis. Also included are three full-length practice exams with all questions answered and explained.

Integrative Manual Therapy uses soft tissue work and joint mobilization. People suffering from pain and disability have significantly regained health through this innovative therapy. This comprehensive manual addresses all phases of assessment and intervention for biomechanical dysfunction. It features inventories of signs and symptoms; procedures; 300 photos and 100 illustrations; and tried methods for integration.

Victor Marshall, Dept. of Sociology and Institute on Aging, University of North Carolina at Chapel Hill --

This book addresses a wide range of basic and clinical issues in the physiology and pharmacology of growth hormone. The volume is organized like a textbook. It begins with factors contributing to GH gene expression, the functional relationships of the GH receptor, molecular biological analysis of the GH-GH receptor complex and proceeds to describe the insulin-like growth factor axis. Transgenic models are discussed for analysis of discrete effects. These discussions provide a bridge to clinically oriented discussions of growth abnormalities in GH deficient children, GH insensitivity due to deficiency of the GH receptor, and the concept of aging as a GH/IGF-I deficiency state. Discussions also include the immune system as a source and a responder to GH, GHRH, IGF-I and the effects of GH excess.

Massage therapists are millionaires waiting to happen. Each and every massage therapist has the capability of becoming a millionaire through various business opportunities. This book, "How to Make a Million Dollars as a Massage Therapist" depicts the opportunities available to massage therapists that compliment their core business services. This book does NOT promote MLM opportunities, rather, additional forms of social, promotional and income-generating activities that promote incredible wealth and ongoing income every single month - even while a massage therapist sleeps. This book shows you EXACTLY how to accomplish all of that, while making a million dollars in a reasonably short amount of time (1-2 years). Learn about how to start collecting email addresses on your website, branding, identifying your ideal client, advertising on a budget, ways you can advertise your site for free, how to increase traffic to your website, the millionaire formula (chapter 3) that shows all the different avenues of income available to you that you should be taking advantage of, time management and delegation so you only work a reasonable number of hours per week, word of mouth advertising, referral networks, business to business advertising, how to make money while educating other people, how to expand on your current service and product offering, staying efficient and productive, how to benefit charities while making a lot of money in the process, how to write an eBook, pay-per-click advertising and how to keep your ad costs to a minimum, secrets and tips (best practices) to using each social media channel like Pinterest and Instagram, creating the best videos for your business, app development, making a membership-only section of your website, self-care, unique selling propositions, how to sell, cross-selling and upsetting, how to get people to share your posts, how to sell to women specifically and how men choose to buy things, and much more. Learn about what you, as a massage therapist, need to do to correct your marketing plans, how you are leaving money on the table with each and every service, how you can educate others and earn thousands of dollars even if you're in a massage session or sleeping, how to promote your business without discounting services, how to drive traffic to your website without spending a fortune, and much, much more. This book focuses on diversification of income-generating opportunities, including how to be efficient, delegate and be incredibly productive. You can make money through self-care, too! Build expertise, improve your reputation dramatically, build an unbelievable following on social media, and be a creator of amazing materials and avenues of media for your clients and the world to benefit from. Pick and choose which channels of income work best for your business in the formula initially while you get other creative elements ready for sale to compliment your business!
