4th Grade Math Journals - K-5 Math Teaching Resources

Math journals, or problem solving notebooks as they are sometimes referred to, are books in which students are often asked to record their strategy and thought processes, as well as solutions. While students learn how to "do" math, they must also learn how to articulate what they are learning. It is important to provide many opportunities for students to organize and record their work without the structure of a worksheet.

Math Journals - K-5 Math Teaching Resources

Other teachers have students respond to math journal topics as part of a Math Notebook: one composition book holds a student's journal reflections, class notes, and practice activities. Still other teachers have students keep one journal in which they respond to a wide variety of prompts across different content areas (this could be termed as ...

Everything You Need to Know About Math Journals

Everyday Mathematics is divided into Units, which are divided into Lessons. In the upper-left corner of the Study Link, you should see an icon like this: The Unit number is the first number you see in the icon, and the Lesson number is the second number. In this case, the student is working in Unit 5, Lesson 4.
