The Cambridge International AS and A Level Accounting syllabus enables learners to apply their accounting knowledge and understanding in order to analyse and present information, give reasoned explanations, and make judgements and recommendations.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

This important book fills a historical gap and acts as a valuable corrective in the general treatment of Switzerland's role during the Second World War. In addressing all of the moral and historical charges laid at Switzerland's door in relation to Nazi Germany, it does not offer an apology but, far more valuably, provides a sustained, nuanced analysis of the issues at stake. Contending that Swiss neutrality during the Second World War has not only been misunderstood, but has also been unfairly stigmatized, the book's wide-ranging assessment offers a much-needed corrective to received wisdom on the subject. Commendably, it presents a comparative assessment, comparing the Swiss both to European neutrals, and to the U.S. - which, it is often forgotten, defended the posture of neutrality for the first two years of the war. The study highlights the need for careful assessment in the context of more than half a century ago. Seen in those terms, the behavior of the Swiss emerges far more nuanced, more driven by the desperate conditions of total war, and far less susceptible to present-day moralizations than in the work of many writers. This important contribution deepens our understanding of the Second World War.
