The Boeing 737-800 Study Guide is a compilation of notes taken primarily from flight manuals, but it also includes elements taken from class notes, computer-based training, and operational experience. It is intended for use by initial qualification crewmembers, and also for systems review prior to recurrent training or check rides. The book is written in a way that organizes in one location all the buzz words, acronyms, and numbers the average pilot needs to know in order to get through the events above from an aircraft systems standpoint.

The Boeing 757/767 Study Guide is a compilation of notes taken primarily from flight manuals, but also includes elements taken from class notes, computer-based training, and operational experience. It is intended for use by initial qualification crewmembers, and also for systems review prior to recurrent training or check rides. The book is written in a way that organizes in one location all the buzz words, acronyms, and numbers the average pilot needs to know in order to get through qualification from an aircraft systems standpoint. The book covers the Boeing 767-300 and 757-200 series aircraft. The author is a retired Air Force Fighter pilot with flight experience in seven different aircraft types including the F-101, F-106 and F-15, and instructional experience in the T-33, F-101 and AT-38B aircraft. He also consulted on the acquisition and development of the F-22 and helped to write the F-22 operating manual. Transitioning to the airline world in 1990, he began writing and publishing transport category aircraft study materials and software guides. He holds type ratings in Boeing 727, 737, 757-767 and 777 aircraft as well as the Airbus A320 series aircraft. He has over 17,000 flight hours and has written seven titles which have sold a total of over 100,000 volumes. He retired with over 27 years work as an airline captain, certification as a flight engineer check airman, and management work in the area of managing operational specifications for a major airline.

for systems review prior to recurrent training or check rides. The book is written in a way that organizes in one location all the buzz words, acronyms, and numbers the average pilot needs to know in order to get through qualification from an aircraft systems standpoint

The McDonnell Douglas-Boeing MD-80 Study Guide is a compilation of notes taken primarily from flight manuals, but also includes elements taken from class notes, computer-based training, and operational experience. It is intended for use by initial qualification crewmembers, and also for systems review prior to recurrent training or check rides. The book is written in a way that organizes in one location all the buzz words, acronyms, and numbers the average pilot needs to know in order to get through qualification from an aircraft systems standpoint. The guide covers MD-82 and MD-83 series airplanes. The author is a retired Air Force Fighter pilot with flight experience in seven different aircraft types including the F-101, F-106 and F-15, and instructional experience in the T-33, F-101 and AT-38B aircraft. He also consulted on the acquisition and development of the F-22 and helped to write the F-22 operating manual. Transitioning to the airline world in 1990, he began writing and publishing transport category aircraft study materials and software guides. He holds type ratings in Boeing 727, 737, 757-767 and 777 aircraft as well as the Airbus A320 series aircraft. He has over 17,000 flight hours and has written seven titles which have sold a total of over 100,000 volumes. He retired with over 27 years work as an airline captain, certification as a flight engineer check airman, and management work in the area of managing operational specifications for a major airline.

This book is a study guide for the Boeing 757 Aircraft and includea ATA Chapters 71-80 for both the RB211 and PW2000 Powerplants.

Virtual, hands-on learning labs allow you to apply your technical skills using live hardware and software hosted in the cloud. So Sybex has bundled CompTIA Linux+ labs from Practice Labs, the IT Competency Hub, with our popular CompTIA Linux+ Study Guide, Fourth Edition. Working in these labs gives you the same experience you need to prepare for the CompTIA Linux+ Exam XK0-004 that you would face in a real-life setting. Used in addition to the book, the labs are a proven way to prepare for the certification and for work in the IT and cybersecurity fields where Linux is fundamental to modern systems and security. This is your one-stop resource for complete coverage of Exam XK0-004, covering 100% of all exam objectives. You'll prepare for the exam smarter and faster with Sybex thanks to superior content including, assessment tests that check exam readiness, objective map, real-world scenarios, hands-on exercises, key topic exam essentials, and challenging chapter review questions. Linux is viewed by many organizations and companies as an excellent, low-cost, secure alternative to expensive OSs, such as Microsoft Windows and is crucial to today's server and cloud infrastructure. The CompTIA Linux+ exam tests a candidate's understanding and familiarity with the Linux. As the Linux server market share continues to grow, so too does demand for qualified and certified Linux administrators. Building on the popular Sybex Study Guide approach, this book will provide 100% coverage of the NEW Linux+ Exam XK0-004 objectives. The book contains clear and concise information on all Linux administration topic, and includes practical examples and insights drawn from real-world experience. Hardware and System Configuration Systems Operation and Maintenance Security Linux Troubleshooting and Diagnostics Automation and Scripting You ' ll also have access to an online test bank, including a bonus practice exam, electronic flashcards, and a searchable PDF of key terms. And with this edition you also get Practice Labs virtual labs that run from your browser. The registration code is included with the book and gives you 6 months unlimited access to Practice Labs CompTIA Linux+ Exam Exam XK0-004 Labs with 65
