(Dodge) Domestic Automotive Transmission Troubleshooter and Reference A reference and pictorial guide for automotive transmissions (Including Chrysler/Dodge/Plymouth Vehicles) By MANDY CONCEPCION The beginnings of this book came about after the development of the "Transmission Troubleshooter" software package, which eventually became part of the "TransDoctor" PC based diagnostic equipment. Both of these related products, although meant for the professional side of the industry, left behind a huge arsenal of data that matched perfectly with the needs of the average consumer, DIY and mechanic aficionado. We assumed that his information, so far as the general public was concerned, did not necessitated to be part of a broad software package and therefore could be offered at a lower cost to the people. This book covers automotive Dodge transmission diagnostics and electronic repair for domestic vehicles. The information was amassed during years of field work and research in the automotive industry. For this reason, the information is presented in a direct, hands on approach and skips the basic operation of automotive transmissions. If you're trying to discern the basics of automotive automatic transmissions, then there are other works that could help you do that. This book is meant to be used during real-life repair situations and it exposes you to exactly what you need to know to solve or get an in-depth knowledge of a specific problem. Various concepts are covered such as Transmission DTCs or trouble codes, Transmission ID, shift solenoid locations, component locations, electrical and wiring diagrams and finally measurement values for voltage and resistance. We hope you enjoy reading this work to gain knowledge and solve specific problem. So, without further ado, enjoy... barred, white knuckle ride of insights and wisdom for anyone whose job it is to communicate for a living." – ?????? "Jason Vines in raw and real story telling of his own journey explains to every politician, celebrity, corporate communications professional and government agency that has ever faced trouble (yes I am talking about you NFL - read this one Goodell!) why we have such a hard time telling the truth, why that's the whole frickin' problem and what we can do about it." – Joe Trippi, Democratic Campaign and Media Consultant. "Jason Vines lived The Hurt Locker, defusing one public relations I.E.D. after another. Jimmy Hoffa Called My Mom a Bitch! is broken up into various chapters of pure stupidity and satire: Stupid Democrats, Stupid Republicans, Stupid Atheists, Stupid Christians, Stupid Criminals, Stupid Policies, Stupid People and so on; from Detroit to Sacramento to Washington, D.C. to Kim Jong Ill's North Korean insane asylum. No one is safe not Bill and Hillary, President Obama, the Reverend Al Sharpton, Charlie Sheen, Michael Moore, Ted Cruz, Newt Gingrich; nor those wacky, smelly stoners at Occupy "Whatever." The "Stupid Criminals" chapter contains one of Vines' most popular columns. Issued June 29, 2010, "Globe Al Warming Gets Rubbed the Wrong Way," hysterically takes on allegations that the former VP got inappropriately horny with female masseuse at a Portland, Oregon hotel; and Gore's bizarre account of what "actually" happened. You won't believe most of the stories in this book, although 83.5 percent of them are true. The remaining 16.5 percent are based on what Vines' often calls his "incredibly unreliable and shaky, yet talkative" sources
