A dictionary of terms, artists, art works, major themes, contemporary events, and art movements of nineteenth-century European art.

Fletcher's account draws from a vast range of sources - literary, medical, religious and historical - to investigate the mechanisms through which men and women interpreted and understood their social worlds. He explores the early modern view of the body, of sexual desire and appetites, and of gender difference. He looks at the nature of marital relationships, and shows how subordination was implemented and consolidated through church, school, home and community. And he exposes patriarchy's tragic consequences: smothered opportunity, crushed sexuality, and a pall across many women's lives.

Support spelling and make phonics fun for students in grades 5-6 using Spelling and Phonics: Daily Skill Builders. This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It covers topics such as consonant and vowel sounds, digraphs, blends, soft and hard sounds, long and short sounds, vowel pairs, commonly misspelled words, prefixes, suffixes, plurals, and possessives. Frequent reviews provide practice in a standardized test format, the activities align with state standards, and the book includes a matrix for selected states.
