Nicholas - Wikipedia

The history of Russia begins with the histories of the East Slavs. The traditional start-date of specifically Russian history is the establishment of the Rus' state in the north in 862 ruled by Vikings. Staraya Ladoga and Novgorod became the first major cities of the new union of immigrants from Scandinavia with the Slavs and Finno-Ugrians. In 882 Prince Oleg of Novgorod seized Kiev, thereby ...

In 1894, Nicholas' father died from kidney disease. Nicholas was now the all powerful Tsar of Russia. Since the Tsar needed to be married and produce heirs to the throne, Nicholas quickly married the daughter of a German Archduke named Princess Alexandra. He was officially crowned Tsar of Russia on May 26, 1896.

Biography for Kids: Tsar Nicholas II

Now extensively revised in this ninth edition, *A History of Russia* covers the entire span of the country's history, from ancient times to the post-communist present. Keeping with the hallmark of the text, Riasanovsky and Steinberg examine all aspects of Russia's history--political, international, military, economic, social, and cultural--with a commitment to objectivity, fairness, and balance, and to reflecting recent research and new trends in scholarly interpretation.

A rather comprehensive retelling of 20th and 21st century Russian history. The book covers the period from Tsar Nicholas II's reign to Vladimir Putin's hegemony over Russian politics in the 21st century.

A History of Modern Russia: From Nicholas II to Vladimir ...

Constitution of May 3 1791, November Uprising, Nicholas I of Russia, Year 1832, February 26, Constitutions, History of Poland, 1830s, Russian Empire, History of Russia, 19th Century, Politics, Modern History, Europe, Earth, Solar System, Milky Way

This revised edition of a detailed one-volume history on Russia includes a new chapter on the Gorbachev years, from the initiation of glasnost and perestroika to the failed coup of August 1991, and an updated bibliography.

*A History of Russia* covers the entire span of the country's history, from ancient times to the post-communist present. Keeping with the hallmark of the text, Riasanovsky and Steinberg examine all aspects of Russia's history—political, international, military, economic, social, and cultural—with a commitment to objectivity, fairness, and balance, and to reflecting recent research and new trends in scholarly interpretation.

Robert Service here presents a comprehensive overview of 20th-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound.

A comprehensive overview of twentieth-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound. It takes the reader from the age of communist rule to the changes that occurred in 1991 and the more uncertain world of Yeltsin and Putin.

Widely acclaimed as the best one-volume survey text available, *A History of Russia* presents the whole span of Russia's history, from the origins of the Kievan state and the building of an empire, to Soviet Russia, the successor states, and beyond. Drawing on both primary sources and major interpretive works, this sixth edition updates its existing coverage of the social, economic, cultural, political and military events of Russia's past and includes a new chapter on the post-Gorbachev era as well as helpful updated bibliographies and reading source lists. Examining contemporary issues such as the rise of Yeltsin, the nationalities question, and Russia's attempts to market capitalism, this sixth edition takes the study of Russia straight into the new millennium, continuing *A History of Russia's* nearly forty-year track record as the leader in the field.

A comprehensive overview of twentieth-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound. It takes the reader from the age of communist rule to the changes that occurred in 1991 and the more uncertain world of Yeltsin and Putin.

Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

Russia had an extraordinary twentieth century, undergoing upheaval and transformation. Updating his acclaimed *History of Modern Russia*, Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution, civil war, mass terror, and two world wars. He shows how seven decades of communist rule, which penetrated every aspect of Soviet life, continue to influence Russia today. This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor, Dmitri Medvedev.

## Get Free A History Of Russia Nicholas V Riasanovsky

A riveting account of the last eighteen months of Tsar Nicholas II's life and reign from one of the finest Russian historians writing today. In March 1917, Nicholas II, the last Tsar of All the Russias, abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution. Now, on the hundredth anniversary of that revolution, Robert Service, the eminent historian of Russia, examines Nicholas's life and thought from the months before his momentous abdication to his death, with his family, in Ekaterinburg in July 1918. The story has been told many times, but Service's deep understanding of the period and his forensic examination of previously untapped sources, including the Tsar's diaries and recorded conversations, as well as the testimonies of the official inquiry, shed remarkable new light on his troubled reign, also revealing the kind of Russia that Nicholas wanted to emerge from the Great War. *The Last of the Tsars* is a masterful study of a man who was almost entirely out of his depth, perhaps even willfully so. It is also a compelling account of the social, economic and political ferment in Russia that followed the February Revolution, the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet socialist republic.
