It seems like a match made in Dagers ' imagination, but Steele ' s no pushover. She ' s a powerful forensic psychic, and she ' s got sass oozing out of her boots. In a debut case teeming with fire mages, foundries, and a dead guy who ' s crispier than bacon, it ' s pretty clear Dagers isn ' t the only one getting a heaping helping of RED HOT STEELE.

Greetings from the Afterlife by Josie Roase God and the Masters Speak to You. Near Death Experience. The Power of Meditation. Reincarnation. Herstory and History. Surviving Betrayal and Lies. Pet Communications. Shining the Light on Abortion. The Light Shone through after 9/11. Surviving Betrayal and Lies. Exchange of Light (two souls). Greetings from the Afterlife, Josie's non-fiction debut book, connects you with the unseen Realms of Light, giving voice to those who want to speak to you, as you've never heard from them before. The Masters of Light speak of what they term "Herstory." "Herstory is the story of the balance that existed when all sexuality was harmonious with the truth that all originated from the Light. A chiefly patriarchal system did not always govern this planet. A compassionate matriarchal culture championed the Earth long ago. Men were connected with the feminine aspects of themselves and women were balanced in the same manner. Herstory will have a revival. In the herstory that has been kept secret for eons, touch was used for communications as well as to heighten intuition. People would meditate together in a fashion that involved touching. With their eyes closed or open, they would caress the body of one another.

They became so attuned to their partner that they knew quickly if an illness was developing and how to remedy the imbalance through the Light they shared." Josie received this message from someone in the Light who perished in the Shoah-Holocaust: "Try to keep your hopes up for the peace for the world that you seek. Hypothesize, dear girl; if nothing lasts forever on Earth, then forever is elsewhere." Hear from God, people who perished in the Shoah-Holocaust, Jesus Christ, Mother Cabrini, Charles "Sonny" Liston, a tortured soul who found enlightenment, and others. Josie was shown where her beloved cat went after physical death and shares that miracle with you. Our animals speak to us while they are with us and from the afterlife. "I witnessed a miracle as Josie restored a squirrel back to life after its having been hit by a car. My life then took a spiritual turn after witnessing this: I believed in God again." - Bruce "The most powerful moment of the reading was when I asked about my brother, Chris. I said nothing more than those words. Josie immediately grabbed her stomach, doubled over, and said with a grimace, 'There's so much pain!' She then released the pain and shook it off and said that the pain was gone from her. She said it was just his way of identifying himself to me. My brother had died of cancer that had produced massive tumors in his abdomen." - Sara "Josie allowed me to begin reading her book, Greetings from the Afterlife, before its release on Amazon. I take great joy in telling you what I shared with her. Josie, I can't keep the tears back as I read your words. There is a genuine and sincere love and beauty in them. They make me feel accepted and safe. Your words touch me inside very deeply. Profound and wise. My brother shared a quote that I

love, and it makes me think of you." "Kindness in words creates confidence. Kindness in thinking creates profoundness. Kindness in giving creates love." - Lao Tzu "Josie, you are creating love with this book!" - Dr. Mary Page "Sonny Liston's Spirit provided Josie with more than 65 little-known details of his life that I can verify from my 30+ years of research. Sonny's writings represent a posthumous autobiography that our unsettled world needs now." - Paul Gallender, Liston biographer

A tour through the new science of the Omniverse, its spiritual and physical dimensions, and its incalculable intelligent civilizations • Reveals the key travel and communication technologies of the Omniverse: time travel, teleportation, and telepathy • Unveils newly disclosed state secrets about these technologies, about the findings of the NASA Mars rover missions, and about a secret colony and life on Mars • Explains through science how souls are holographic fragments of God and how they help create planets, solar systems, galaxies, and universes in the multiverse We are all citizens of the Omniverse, the overarching matrix of energy, spirit, and intelligence that encompasses all that exists: all universes within the multiverse as well as the spiritual dimensions centered on the divine Source that many call God. In this scientific guide to the Omniverse, Alfred Lambremont Webre reveals startling replicable evidence about extraterrestrial and extra-universal life, the intelligent civilizations created by souls in the afterlife, top-secret alien technology, and the existence of a secret base as well as life on Mars. The author explains how our souls are holographic fragments of God/Source and how souls and Source are

co-creating planets and galaxies as virtual realities for soul development. He addresses Grey alien control over soul reincarnation and also sheds light on the presence of invisible hyperdimensional controllers known as the Archons, who feed off negative energy. Revealing the key technologies of the Omniverse, the author explains how hyperdimensional civilizations communicate telepathically, teleport interdimensionally, and travel through time. He unveils newly disclosed state secrets about government possession of these technologies, the findings of the NASA Mars rover missions, and the secret Mars colony whose permanent security personnel is age-reversed and shot back through time to their specific space-time origin points--with their memories blocked. Integrating science and spirituality, this map of the dimensions of the Omniverse sounds the call for scientific inquiry into the holographic origins of the soul, the potential of time travel, and our role as divine co-creators with Source.

entirely on foot. Extreme adventure, near misses, good sorts, and one beautiful country – Wildboy has it all! Fast going off the rails and hanging out with the wrong crowd, Brando Yelavich, a plucky 20-year-old from Auckland's North Shore, decided he needed to change his life. He needed a mission. He was going to walk around New Zealand. Brando reached Cape Reinga on 23 August 2014 after a gruelling journey of over 8000 kilometres, traversed almost completely on foot over 600 days – the first time it had ever been done. It was an outlandish odyssey of physical and mental fortitude. He slept under the stars and lived off the land. He almost drowned on several occasions and experienced near-hypothermia. He gained 20 kilograms. But the transformation ran much deeper. As much for fans of Bear Grylls or Cheryl Strayed's *Wild* as it is for those of the off-the-grid outdoors Kiwi experience, Wildboy is a ripping adventure story with an inspiring life change at its heart.
