is difficult, perhaps
impossible, to pinpoint
when the first corrective
lens was created. The
history of optics and
spectacles dates back very
far in time, before a

Online Library

Abo Test Study

written history and involves a variety of characters. The earliest lens called the Nimrud lens could date back as far as 7000 B.C.. Current theory states that ancient Mesopotamians called Assyrians manufactured the Nimrud lens, which is a magnifying lens, to help them carve intricate patterns. On the other hand, the Nimrud lens

Online Library

Abo Test Study

could be what is called a "burning glass" and used to start fires and not a occupational aid lens at all. Either way the rock crystal Nimrud lens has a 3x magnification power and is the oldest lens of any type that we know of. At the time of this writing it is being housed and displayed at the British Royal museum and worth seeing for yourself.

Online Library

Abo Test Study

Another possible early lens can be traced through written account to Nero of ancient Rome. Its accepted as fact that he was quite myopic, but a tantalizing theory also states he used a polished emerald to peer through while watching gladiatorial games. Could this be the first myopic (-) corrective lens? As an optician it is your job

Online Library Abo Test Study

to be an expert in this exciting field and you also have the honor of being part of its history. With the evolution of mass produced frames, inexpensive advanced lenses, and an online marketplace it more important than ever to stay abreast of the future of ophthalmics and understand its past. For opticianry to continue to

Online Library

Abo Test Study

thrive it is vital to position yourself as the definitive professional. This will allow you to separate yourself from the online marketplace and embrace the opportunity to profitably offer products tailored to your patrons needs. Business: Most business plans are structured into seven sections. A completed

Online Library

Abo Test Study

business plan should be shared with employees to create a cohesive team focus. Also investors will request to see the business plan to determine the risk of failure or likelihood of success. The seven sections are: 1. Executive Summary - A concise summation or outline of the business plan. Usually this part is written last, as

Online Library

Abo Test Study

Guide
it is the most important section. Some items that are mentioned in the executive summary are: business name, concept, products/services, mission statement, financial requirements, and essential

milestones.2. Company Description - This is a broad view of your company, how it is structured, and type of

Online Library

Abo Test Study

business it will perform. Some items mentioned in the Company Profile are: legal form of business, needs the business will satisfy, brief history, overview of products and customers, short/long term goals.3.

Products/Services - A description of how you will turn a profit (aka, what are you selling?).

Pictures, diagrams, and

prototypes are often required. Suppliers, costs, and net revenue expected for each product are discussed here.4. Market Analysis/Economics - Outline your market research here and present your conclusions about your market analysis. Include market size, trends, patterns, and potential growth here...Exam: 83. The must-have optical training system whether you are an optometrist, ophthalmologist, or optical manager responsible for training

Online Library Abo Test Study

opticians or are an optician trying to better your skills. Training opticians, new and seasoned, is a daunting task. Are new opticians ready to hit the floor running? Are seasoned opticians remembering the principles that make a good pair of glasses great? These are the questions this book will answer in an easily implemented

Online Library Abo Test Study

Guide. Not a text filled with equations and theory never used clinically. This book is written with how you actually practice in mind. Extensive use of short 'Focus Points' help highlight important principles.

Understanding of clinical relevance is primary objective of this book, and as such it aims to

Online Library

Abo Test Study

take you from ordinary to extraordinary in your ability to create and deliver excellence in your optical career. With this book you will be able to analyze every part of a pair of glasses, pick the best frame for a patients face, learn which lens options complement each other (and which ones don't), be able to research contact lens

Online Library

mind of your patients.
For example, making
each patient a
spokesperson for the
practice, how to diffuse
the dissatisfied patient,
increasing your average
dollar sale without being
a salesperson,
troubleshooting, and
many more patient-
centered skills necessary
to keep your patients
coming back again and

again. This book is unlike others in that it emphasizes clinical relevancy, has extensive training on improving patient perception of quality and service, has forms for copying and using immediately to improve efficiency and patient care, and helps you formulate goals for both professional and personal achievement.

Online Library

Abo Test Study

Second edition includes discussion on digital lenses and lab knowledge for the non-lab optician.

The ultimate ophthalmic dispensing reference, this book provides a step-by-step system for properly fitting and adjusting eyewear. It covers every aspect of dispensing — from basic terminology to frame selection to

eyewear fitting, adjusting, and repairing. Perfect for both students who are just learning about dispensing and practitioners who want to keep their skills up to date, this resource offers in-depth discussions of all types of lenses, including multifocal, progressive, absorptive, safety, recreational, aspheric, and high index.

Online Library

Abo Test Study

Plus, it goes beyond the basics to explore the "how" and "why" behind lens selection, to help you better understand and meet your patients' vision needs. A glossary of key terms provides easy access to definitions. Proficiency tests at the end of each chapter reinforce your understanding of the material through multiple-
