Acing Contracts Acing Law School Series

Contract Law for Dummies, E&E on contracts and Emanuel Outline breakdown does a much better job, IMO, This book was short , but not straight to the point and sort of jumbled together. Acing Civ Pro is laid out much better.

Acing Contracts (Acing Series): Darrow-Kleinhaus, Suzanne ...

Acing Contracts (Acing Series) June 8, 2019 ... BOOK!Unless you were born a contract genius, contract law can be the most confusing course in the first year of law school. This book lays contract law out in a way that a child could probably understand and personally I appreciate that. Law school is full of dense reading with archaic language ...

This study aid features an innovative method of content organization. It uses a checklist format to lead students through questions they need to ask to fully evaluate the legal problem they are trying to solve. It also synthesizes the material in a way that most students are unable to do on their own, and assembles the different issues, presenting a clear guide to procedural analysis that students can draw upon when writing their exams. Other study aids provide sample problems, but none offer the systematic approach to problem solving found in this book.

to lead students through the questions they need to ask and answer to fully analyze the legal questions they are trying to resolve. It assembles the different issues, presenting a clear guide to procedural analysis that students can draw upon when writing their exams. Other study aids provide sample problems, but this book offers a systematic approach to problem solving.

This efficient and exceedingly effective guide to Contracts will help you see the big picture. The authors focus on making the key concepts of contract law, and the relationship among those concepts, easier to understand and retain. The authors have also infused the book with humor, believing there is nothing inconsistent between a rigorous academic experience and having a little fun. Each of the authors is nationally-renowned law teacher who has taught Contracts for decades. Based on that experience, in this book they have set forth understandable techniques for mastering the law governing each critical aspect of the contract relationship, including, contract formation (offer and acceptance), enforcement (consideration and defenses), interpretation, performance, breach, and remedies.

This study aid features an innovative method of content organization. It uses outline-like checklists that are designed to lead students through the analytical steps necessary to evaluate and resolve property issues. Each chapter begins with a review and explanation of the important rules, concepts and principles that govern a particular area of property law. The review material is then synthesized into a checklist. Each chapter concludes with practice problems and solutions that illustrate how students can use the checklist to analyze

property issues when writing their exams.

This Contracts outline discusses consideration (including promissory estoppel and past consideration), offer and acceptance, interpretation, defenses (including mistake, fraud, duress, unconscionability, the Statute of Frauds, and illegality), third-party beneficiaries, assignment of rights, and delegation of duties. It also covers conditions, substantial performance, material vs. minor breach, anticipatory breach, impossibility, discharge, and remedies (including expectation damages, specific performance, and liquidated damages).

This book provides a clear and concise explanation of corporations, agency and partnership, and the other subjects addressed in most Business Associations courses. To accompany its explanations, the guide utilizes a checklist format to lead students through questions they need to ask and issues they need to address, to fully evaluate the agency, partnership or corporations, problems they will face when studying this subject. It also synthesizes the material in a way that most students are unable to do on their own, and organizes the critical issues, presenting a clear guide to analyze business associations issues that students can draw upon when writing their exams. Other study aids provide sample problems, but this book offers a systematic approach to problem solving.
