A vital companion for actors in rehearsal - a thesaurus of action-words to revitalise performance, with a foreword by Terry Johnson. Finding the right action is an essential part of the process of preparation for the actor. Using this thesaurus of active verbs, the actor can refine the action-word until s/he hits exactly the right one to help make the action come alive. The method of 'actioning' is widely used in rehearsal rooms, but has never before been set down in a systematic and comprehensive way. 'If you want to act, or act better, Actions will take you a long way on the journey to excellence.' Terry Johnson

This simple and essential book about the craft of acting describes a technique developed and refined by the authors, all of them young actors, in their work with Pulitzer Prize-winning playwright David Mamet, actor W. H. Macy, and director Gregory Mosher. A Practical Handbook for the Actor is written for any actor who has ever experienced the frustrations of acting classes that lacked clarity and objectivity, and that failed to provide a dependable set of tools. An actor's job, the authors state, is to "find a way to live truthfully under the imaginary circumstances of the play." The ways in which an actor can attain that truth form the substance of this eloquent book.

"Many high school theatre teachers do not have access to intensive voice instruction. Rena's book will fill that void. It is instructive, concise, easy to understand, and most importantly for the high school student, fun. High school teachers will find the book an invaluable voice and acting resource. It would be beneficial to all high school theatre programs to have Voice and the Young Actor as a textbook." Kim Moore, High School Teacher, Colorado There are thousands of students enrolled in school drama classes in yet very often young actors cannot be heard, are culturally encouraged to trail off at the ends of sentences, and habitually use only the lowest pitches of the voice. Drama teachers, frequently ask, "How can I get my students to speak up, to be clear, to articulate?" Voice and the Young Actor is written for the school actor, is inviting in format, language and illustration and offers clear and inspiring instructions. A DVD features 85 mins and 28 filmed voice workshop exercises with the author and two students. These students log their reflections in the book on what they have learned throughout their training and there is space for the reader to do the same. A workbook in format, Voice and the Young Actor provides simple, interactive vocal exercises and shows young performers how to take voice work into acting.

"Fascinating anecdotes about Adler's wit and style make this book an entertainment to read..." - Choice "Rotte's account creates a vivid portrait of Adler as a consummate teacher and a complex woman." -Theatre Journal

The Great Acting Teachers and Their Methods, Volume 2 features the innovative ideas and theories of: *¿* André Antoine *¿* Jacques Copeau *¿* Michel Saint-Denis *¿* Elia Kazan *¿* Uta Hagen *¿* David Mamet *¿* Anne Bogart *¿* Keith Johnstone BOOK SYNOPSIS In this follow-up to his first volume that has become an essential classroom text, Brestoff examines all new teachers and exposes the origin of today's ideas and exercises that acting students are practicing. What is the rationale behind the lesson? Why is it useful? Whether they can be called revolutionary or evolutionary, the conflicting theories of these teachers result from outrage and disgust. Andre Antoine, Jacques Copeau and Michel Saint-Denis represent a virtually unacknowledged yet powerful French influence on acting and actor training in the United States and abroad. American Realist teachers known as the passionate questioners, such as Elia Kazan, who is disgusted with Broadway's commercialism, Uta Hagen and David Mamet, and two influential *outside-the-box*, teachers, Anne Bogart with her Viewpoints work and Keith Johnstone, creator of Theatre Sports, are also featured. While differences among the various acting theories and practices are noted and analyzed, so too are exciting and unexpected connections among them revealed. RICHARD BRESTOFF is Associate Professor of Drama and Associate Head of Acting University of California, Irvine. He is the author of four best-selling books for Smith and Kraus, including *The Great Acting Teachers and Their Methods*, *The Camera Smart Actor*, *The Actor's Wheel of Connection and Acting Under the Circumstances*. He has acted on Broadway and off, in Regional Theater and on camera, appearing on the 1991 Emmy Ballot for his Guest-Star performance on the CBS television series, *thirtysomething*. Richard holds an MFA in Acting from NYU where his teachers included Olympia Dukakis, Peter Kass, Joe Chaikin and Kristin Linklater.

Actor and mime artist Moni Yakim reveals his time-tested techniques and step-by-step exercises for physically evoking a character. Beginning with a chapter on looking inward, Yakim gives exercises on discovering aspects of one's own character. Then he teaches the actor how to identify with qualities outside the self. Finally, he shows how to apply these techniques to 12 classical theatrical roles.

Tools to master everything from "getting in the door without any connections", "crying on cue", "making the most of your close-up", "nailing sitcoms even if you don't think you're funny", to "what makes someone a star."

Actioning - and How to Do It is the indispensable companion to a vital component in every actor's toolkit. Actioning is one of the most widely used rehearsal techniques for actors. It helps bring clarity to every moment or thought in the text, energising rehearsals and bringing performances to life. Actioning will enable you to discover and unlock newfound energy, range, variety and clarity of body and voice, by: interrogating the text and making initial action verb choices Playing your chosen actions, both verbally and physically Maintaining an imaginative and emotional connection with each moment Signposting each thought to your scene partner From the publishers of the internationally successful *Actions: The Actors' Thesaurus*, this is the first in-depth exploration of Actioning for student actors, those who train them, and professionals working in the industry, whether they're brand new to the technique or have been practising it for years. This step-by-step guide draws on concepts from Stanislavsky, using sample scenes from classic plays such as *The Seagull* and *The Importance of Being Earnest*, as well as contemporary pieces, and is filled with exercises to demonstrate the technique at work.

Until very recently, directing wisdom was passed on in the form of "tips". Continuing this tradition, you will find them ranging from the way set a scene to directing the actor on the way to laugh. The tips are clear, concise, evocative, and constructed to give you a better day in rehearsal and performance. A buffet of ways to improve immediately that you'll refer to over and over again!
