reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

For undergraduate and graduate courses in advanced accounting. This is a comprehensive textbook that addresses practical financial reporting problems while reflecting recent business developments and changes in accounting standards.

Fundamentals of Advanced Accounting, 1e, by Hoyle/Schaefer/Douppnik is ideal for those schools wanting to cover 12 chapters in their advanced Accounting course. Typically, this course covers 5-6 consolidations chapters, two foreign currency chapters, two partnership chapters, and 2-3 governmental and not-for-profit chapters. Fundamentals of Advanced Accounting will boast all the great talents of the Advanced Accounting, 7e, by Hoyle/Schaefer/Douppnik, including the incorporation of the latest FASB pronouncements, the integration of skill preparation for the new CPA exam (research, analysis, judgment, and communication), and finally - great authorship.
