[Help today's advanced accounting learners master the theory and practice they need for professional success with Fischer/Taylor/Cheng's ADVANCED ACCOUNTING, 12E. This leading text offers readers the most authoritative, comprehensive coverage of advanced accounting topics available. This edition explores the latest FASB statements and their impact on consolidations. The authors combine sound theoretical foundations with a hands-on approach using numerous actual examples common in today's accounting. The text's proven focus on conceptual understanding and clear presentation style make even the most complex topics approachable. New and revised end-of-chapter questions reinforce major concepts from each chapter and challenge students to expand their critical thinking and reasoning skills. Only ADVANCED ACCOUNTING, 12E uses a horizontal approach to consolidations, the format most commonly used in today's business world. A trusted preparation resource for the CPA exam, ADVANCED ACCOUNTING, 12E provides the knowledge today's learners need for ongoing accounting success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.](#)

[Accounting, 9th Edition](#) continues the strong reputation established by this leading Australian text as the most comprehensive book for students studying introductory accounting in undergraduate or postgraduate programs. The full-colour design provides students with a reader-friendly text to enhance their understanding of concepts and make their study more enjoyable. The text builds on the thorough and reliable explanation of the accounting process through the 'Business knowledge' chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds on this superior teaching feature. The end-of-chapter activities are designed to encourage student confidence through the development of skills in decision making, critical thinking, ethical thinking, analysis and communication. Want to Succeed in Accounting? WileyPLUS is a powerful online system packed with features to help you make the most of your potential and achieve the best results you can! With WileyPLUS you get: - a complete online version of your text and other study resources - problem-solving help, instant grading and feedback on activities - ability to track your progress and results during the semester.

[For undergraduate and graduate courses in advanced accounting](#) *Advanced Accounting, Twelfth Edition* is an in-depth guide to accounting that reflects the most up-to-date business developments. This comprehensive textbook addresses practical financial reporting problems while reflecting recent business developments and changes in accounting standards. This edition aligns with the Financial Accounting Standards Board Accounting Standards Codification. Teaching and Learning Experiences: Use a program that presents a better teaching and learning experience/for you and your students. Provide a text with real-world context: Students learn how to apply key accounting concepts by learning from real-world examples, reports from popular companies and up-to-date coverage of businesses. Tailor the material to your needs: You have the option to add your own material or third-party content. Offer the latest information: The text has been updated to include the latest U.S. and international reporting standards.

[The approach used by Hoyle, Schaefer, and Doupnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.](#)

[Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.](#)

[While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygand's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features \(e.g. TOC, writing style, pedagogy, robust EOC\) on which users of Weygand's Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.](#)

[Fundamentals of Advanced Accounting, 1e, by Hoyle/Schaefer/Doupnik is ideal for those schools wanting to cover 12 chapters in their advanced Accounting course. Typically, this course covers 5-6 consolidations chapters, two foreign currency chapters, two partnership chapters, and 2-3 governmental and not-for-profit chapters. Fundamentals of Advanced Accounting will boast all the great talents of the Advanced Accounting, 7e, by Hoyle/Schaefer/Doupnik, including the incorporation of the latest FASB pronouncements, the integration of skill preparation for the new CPA exam \(research, analysis, judgment, and communication\), and finally - great authorship.](#)
