“Both a mystery and a survival story, here is a novel written with a naturalist’s eye for detail and an unrelenting pace. It reminded me of the best of Nevada Barr.” —James Rollins, #1 New York Times bestselling author of *The Last Odyssey* The first book in a thrilling series featuring an intrepid wildlife biologist who's dedicated to saving endangered species...and relies on her superior survival skills to thwart those who aim to stop her. While studying wolverines on a wildlife sanctuary in Montana, biologist Alex Carter is run off the road and threatened by locals determined to force her off the land.

Undeterred in her mission to help save this threatened species, Alex tracks wolverines on foot and by cameras positioned in remote regions of the preserve. But when she reviews the photos, she discovers disturbing images of an animal of a different kind: a severely injured man seemingly lost and wandering in the wilds. After searches for the unknown man come up empty, local law enforcement is strangely set on dismissing the case altogether, raising Alex's suspicions. Then another invasive predator trespasses onto the preserve. The hunter turns out to be another human—and the prey is the wildlife biologist herself. Alex realizes too late that she has seen too much—she's stumbled onto a far-reaching illegal operation and now has become the biggest threat. In this wild and dangerous

landscape, Alex's life depends on staying one step ahead—using all she knows about the animal world and what it takes to win the brutal battle for survival.

Wildlife biologist Alex Carter is back, fighting for endangered species in the Canadian Arctic and battling for her life in this action-packed follow-up to *A Solitude of Wolverines*, “a true stunner of a thriller debut” (James Rollins) and “a great read” (Nevada Barr). Fresh off her wolverine study in Montana, wildlife biologist Alex Carter lands a job studying a threatened population of polar bears in the Canadian Arctic. Embedded with a small team of Arctic researchers, she tracks the majestic bears by air, following them over vast, snowy terrain, spending days leaning precariously out of a helicopter with a

tranquilizer gun, until she can get down on the ice to examine them up close. But as her study progresses, and she gathers data on the health of individual bears, things start to go awry. Her helicopter pilot quits unexpectedly, equipment goes missing, and a late-night intruder breaks into her lab and steals the samples she's collected. She realizes that someone doesn't want her to complete her study, but Alex is not easily deterred. Managing to find a replacement pilot, she returns to the icy expanses of Hudson Bay. But the helicopter catches fire in midflight, forcing the team to land on a vast sheet of white far from civilization. Surviving on the frozen landscape is difficult enough, but as armed assailants close in on snowmobiles, Alex must rely on her skills and tenacity to survive this onslaught and carry out her mission.

An instant Wall Street Journal bestseller and “a joy to read” (Douglas Stone and Sheila Heen, authors of *Difficult Conversations*), *Ask for More* shows that by asking better questions, you get better answers—and better results from any negotiation. Negotiation is not a zero-sum game. It’s an essential skill for your career that can also improve your closest relationships and your everyday life. Still, people often shy away from it, feeling defeated before they’ve even started. In this groundbreaking new book on negotiation, Alexandra Carter—Columbia law professor and mediation expert who has helped students, business professionals, the United Nations, and more—offers a straightforward accessible approach anyone can use to ask for and receive more.

We've been taught incorrectly that the loudest and most assertive voice prevails in any negotiation, or otherwise, both sides compromise, ending up with less. Instead, Carter shows that you get far more value by asking the right questions of the person you're negotiating with than you do from arguing with them. She offers a simple yet powerful ten-question framework for successful negotiation where both sides emerge victorious. Carter's proven method extends far beyond one "yes" and instead creates value that lasts a lifetime. Ask for More is "like having a negotiation coach in your corner" (Linda Babcock, author of Women Don't Ask) and gives you the tools to bring clarity and perspective to any critical discussion, no matter the topic.

Lena Wallace was supposed to go to Italy on her honeymoon. That was sixteen years ago. Instead, she settles for cooking Spaghetti Bolognese for her two children while her husband, Alex, is on yet another business trip to Florence without her. Lena deals with his absences in the same stoic way she deals with all her responsibilities. And then comes the call that changes everything--the one from Alex's Italian mistress. Stunned and heartsick, Lena flies to Florence to confront Alex. The city is every bit as beautiful as she imagined, from its glittering fountains and cafés to the golden sunsets over rolling hills. But the further she goes to salvage her marriage,

Most of all, she's wondering if the real journey is only just beginning. . . In a novel as warm and vibrant as its rich Italian setting, author Mary Carter explores the intricacies of marriage, the ways love can both liberate and confine, and the journey to happiness that begins with one surprising step. . . Praise for Mary Carter's *My Sister's Voice* "At once a story about love and loss, family and friends, the world of the hearing and that of the deaf, *My Sister's Voice* satisfies on many levels." --Holly Chamberlin, author of *Last Summer* "Gripping, entertaining and honest.
