- The only program that supports the Common Core State Standards throughout four-years of high school mathematics with an unmatched depth of resources and adaptive technology that helps you differentiate instruction for every student. * Connects students to math content with print, digital and interactive resources. * Prepares students to meet the rigorous Common Core Standards with aligned content and focus on Standards of Mathematical Practice. * Meets the needs of every student with resources that enable you to tailor your instruction at the classroom and individual level. * Assesses student mastery and achievement with dynamic, digital assessment and reporting. Includes Print Student Edition

The Common core state standards for mathematics are a set of expectations and skills that students need to master to succeed in college and the real world. BarCharts' Math Common core series aligns with those specific standards to help guide students through their classes. Each guide in the series features real-world problems and examples, illustrations, and tables to help students retain information.

This student-friendly, all-in-one workbook contains a place to work through Explorations as well as extra practice worksheets, a glossary, and manipulatives. The Student Journal is available in Spanish in both print and online.

Prepare students for 21st century success with... - Seamlessly integrated print, digital, and interactive content that connects with students anytime and on any device. - Complete alignment with the Common Core State Standards - Support and resources for tailoring instruction to all levels of learners. - Built-in, frequent assessments that monitor student understanding and progress to ensure all students master concepts. Includes Print Student Edition
