Research has shown that algebra is the doorway and gateway for future success of students in many aspects, including high school graduation, attending and success in college, and professional earning power. And the most important key to students' success in algebra is their readiness. This book is not only a program that addresses algebra readiness; it is also a fundamental reform effort, based on the National Mathematics Advisory Panel's (NMAP's) Final Report (spring, 2008). The book approaches mathematic skills deficiencies on an individual basis, much like an IEP addresses the individual needs of a student with disabilities. The Reaching Algebra Readiness (RAR) process consists of four components: (1) Diagnostic, assessing student's mastery of the skills needed to take algebra; (2) Prescriptive, developing an individualized plan to address specific math deficiencies; (3) Intervention, utilizing tools and resources (parental involvement, effective teaching strategies, etc.), to improve students' mathematics skills; and (4) Drills and Effective Teachings Strategies, mathematics is a discipline and, simply, there is no way of avoiding practice and drilling in reaching algebra readiness, which can be enhanced significantly by implementing proven effective teaching strategies. The Reaching Algebra Readiness (RAR) process and the related materials presented in this book will be revolutionary in helping all students acquire the math skills needed for success in algebra and beyond. This book is a must-guide for math teachers, parents who home school, parents who are looking for solutions, and educators pursuing fundamental education reforms.

The Lumos tedBook for IAR is specifically designed to provide an efficient pathway for 6th graders succeed on the 2019-20 Illinois Math test. This Math workbook offers online access to two realistic practice tests that mirror the Illinois Math assessment blueprints and a comprehensive review of 6th grade Math. Lumos Learning programs are trusted by over 275,000 students, 40,000 teachers, and 20,000 schools to improve student achievement on state assessments. Key Benefits of the Lumos Grade 6 Math IAR Test Prep Book Improves test scores on Illinois Assessment of Readiness (IAR) Helps students become familiar with the Illinois testing format Identifies math skill gaps & provides targeted practice Ensures Grade 6 math skills mastery Provides a flexible and self-paced learning platform for students Printed 6th Grade Math Workbook for IAR Practice provides; Complete Grade 6 Math standards practice under each domain; Ratios and Proportional Relationships, The Number System Expressions & Equations Geometry Statistics & Probability Math lessons with answer keys & explanations Access to online learning resources for each learning standard Tips to improve speed & accuracy for the test Online Access includes; Two realistic IAR practice tests that include 10 tech-enhanced question types that mirror the actual assessment Tools to automatically diagnose students' learning difficulties and assign remedial practice Daily math practice through hundreds of New Illinois Learning Standards Incorporating the Common Core standards-aligned learning resources such as IAR practice questions, math worksheets, videos, apps, etc Benefits for Students; 2 practice tests that mirror 2019-20 IAR Math test blueprints Personalized Math practice assignments tailored to address each student's learning gaps Hundreds of New Illinois Learning Standards Incorporating the Common Core learning standards aligned resources such as Math worksheets, free language arts lessons, language learning videos, & more Benefits for Teachers; Teaching resources available to support IAR Test Prep and skills mastery (Limited access; Requires additional subscription for full access) Tools for differentiated instruction with individualized Math practice assignments for each student Detailed analytical standards-based reports to pinpoint each student's strengths and weaknesses Discover & build resource kits with hundreds of 6th grade Math practice questions, videos and more for students within minutes Benefits for Parents; Reports to monitor child's online practice and activity on the Illinois test practice Math lessons and hundreds of Math practice resources to support child's skills mastery Convenient access to all resources and reports through the StepUp mobile app Give your student the Lumos tedBook advantage today! Illinois Assessment of Readiness or IAR is the student assessment conducted by The Illinois State Board of Education, which is not affiliated with Lumos Learning.
