Aliens recruit Earth women for their planet's sex-starved males.

The last time Jasmine King was aboard the Heptoral, she escaped by the skin of her teeth. This time she won't be so lucky. Trapped on a ship full of sex-starved aliens and out of the pheromone blocker that holds off her physical transition, Jasmine makes a desperate escape attempt...and fails. The consequences are disastrous-she's mated to three horny warriors, and one has a huge bone to pick with her. What's a girl to do but fall in love? The last time Shauss saw Jasmine, the deceitful little Terran stole his bondmate from under his nose. This time he won't be so trusting. Finally master of his own bond, Shauss names secondary mates Jasmine feels safe with...and lives to regret it. One can't stop puking long enough to claim her. The other challenges

Rotham's supremacy by digging into his psyche at every turn. What's a Dom to do but bed them all into submission? He sets out to do just that, but his domination takes a brutal turn when he discovers Jasmine's deadly secret... Reader

Advisory: Contains a sultry female/female sex scene.

What's better than one hot alien at your service? Two hot aliens in your bed. After four months of orbiting Earth in a spaceship bursting with sex-starved aliens, nurse Shelley Bonham will do just about anything to get off. The ship, that is. Not that the aliens aren't hot enough to put her hormones on red alert. In fact, the more time she spends with the Garathani leader Cecine and his personal guard Hastion, the more she wants them. Knowing what Cecine and Hastion are doing to each other when nobody's looking only makes it

harder than keep her hands to herself. But she's already been betrayed by one alien-her dead douchebag of a husband. Can she trust her future-and her children-to another? Warning: Contains the usual Robin L. Rotham smorgasbord of m/m/f menage and D/s elements, plus a shipload of alien alphas in outer space.

Nemona can't believe she's crashed on the planet Fyrian with the brooding, golden-skinned alien who destroyed her ship. She should want to kill him, but everything on Fyrian is an aphrodisiac so she just wants to have him. Now. Revenge. That's all commander Oten has wanted against humans for more than a century, ever since they tried to destroy his kind. He never thought he'd end up in bed with one. But the desire the sex planet stokes for this human female is eating at him. Keeping his hands, mouth, and vampiric fangs to

himself proves impossible—especially when she's begging him to touch her. Nemona has no idea what endless sex with a Ssedez will do to her. But Oten knows all too well. They need to get off this planet before their coupling stirs an alien mating bond that neither of their hearts can withstand... Each book in the Planet of Desire series is STANDALONE: \* Toxic Desire \* Captive Desire

An astronomer speculates on the possibility of UFOs and discusses the technology and theoretical principles required to make them possible.

Eden Black walks among humans, protecting them from the murderous evil of other-worlders who abduct and enslave. And though she appears to be human herself, Eden is an alien, a Raka, distinguished by her golden hair and skin,

and gifted with the ominous ability to kill without remorse -- and with total accuracy. That is, until the fateful night she has one shot to eliminate her target, a human slaver -- and misses. "Failure" is not in Eden's vocabulary. Neither is "partner" -- but that's what she is forcibly assigned after recovering from her disastrous mission. A sexy, steely-nerved human agent, Lucius Adaire enjoys nothing more than sparking the fury -- and rousing the desire -- of the fiery female assassin too proud to admit defeat. Locked in an assignment they cannot afford to lose, Lucius and Eden find themselves bound in two high-stakes, heart-pounding games: the sensual web of kill or be killed, and the erotic dance of seduction.

What she gets is a hotshot corporate investigator-and an inexplicable craving for things that are very, very bad for her. Something besides his monogram and size sixteen shoes tells her Barrett George could be BIG trouble, but resisting his aggressive pursuit turns out to be even harder than keeping her fingers out of the candy bowl. Barrett knows the skittish little accountant is probably smart not to trust him, especially if she's looking for crappily ever after. But it's been months since he got laid and her avoidance tactics only inflame his inner predator. Barrett's sexual domination sparks Jillian's complete sensual surrender
