Principles and
Classroom Practices"
"Strategies for Success:
A PRactical Guide to
Learning English"

This comprehensive
anthology provides an
overview of current
approaches, issues, and
practices in the teaching
of English to speakers
of other languages.

Containing a broad

Download File PDF Alternative

collection of articles published primarily in the last decade, it illustrates the complexity underlying many of the practical planning and instructional activities involved in teaching English. These activities include teaching English at elementary, secondary, and tertiary levels, teacher training,

Download File PDF Alternative

language testing, curriculum and materials development, the use of computers and other technology in teaching, as well as research on different aspects of second-language learning. Organized into 16 sections, the book contains 41 articles by well-known teacher trainers and researchers.

Download File PDF Alternative

Also included are two sets of discussion questions--a pre-reading background set and a post-reading reflection set. The anthology serves as an important resource for researchers, M.A. TESOL students, and teachers wishing to design a basic course in methodology.

Chapter 10
?????.???

Understanding
Language Testing
presents an introduction
to language tests and the
process of test
development that starts
at the very beginning.

Download File PDF Alternative

Assuming no

knowledge of the field,
the book promotes a
practical understanding
of language testing
using examples from a
variety of languages.

While grounded on solid
theoretical principles,
the book focuses on
fostering a true
understanding of the
various uses of language
tests and the process of

Download File PDF Alternative

test development, scoring test performance, analyzing and interpreting test results, and above all, using tests as ethically and fairly as possible so that test takers are given every opportunity to do their best, to learn as much as possible, and feel positive about their language learning. Each chapter includes a

Download File PDF Alternative

summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics and language education, or anyone in a related discipline looking for a first introduction to language testing.
