WINNER OF THE 2019 PEN TRANSLATION PRIZE FINALIST FOR THE NATIONAL BOOK AWARD FOR TRANSLATED LITERATURE A mother and son move to a village in northern Norway, each ensconced in their own world. Their distance has fatal consequences. Love is the story of Vibeke and Jon, a mother and son who have just moved to a small place in the north of Norway. It's the day before Jon's birthday, and a travelling carnival has come to the village. Jon goes out to sell lottery tickets for his sports club, and Vibeke is going to the library. From here on we follow the two individuals on their separate journeys through a cold winter's night - while a sense of uneasiness grows. Love illustrates how language builds its own reality, and thus how mother and son can live in completely separate worlds. This distance is found not only between human beings, but also within each individual. This novel shows how such distance may have fatal consequences.

Fourteen engaging stories from one of India's master story-tellers Semi-autobiographical in nature, these stories span the period from the author's childhood to the present. We are introduced, in a series of beautifully imagined and crafted cameos, to the author's family, friends, and various other people who left a lasting impression on him. In other stories we revisit Bond's beloved Garhwal hills and the small towns and villages that he has returned to time and again in his

fiction. Together with his well-known novella, A Flight of Pigeons (which was made into the film Junoon), which also appears in this collection, these stories once again bring Ruskin Bond's India vividly to life.

For upper level courses on Automata. Combining classic theory with unique applications, this crisp narrative is supported by abundant examples and clarifies key concepts by introducing important uses of techniques in real systems. Broad-ranging coverage allows instructors to easily customise course material to fit their unique requirements.

Tracing a circular course that echoes Bach ' s Goldberg Variations, Luis Sagasti ' s second book to appear in English takes the guise of a musical scheherazade, recounting story after story, vibrating to celestial harmonies. From the music born of the sun to the music sent into space on the Voyager mission, from Rothko to rock music, from the composers of the concentration camps to a weeping room for Argentinian conscripts in the Falklands, A Musical Offering traverses the shifting sands of fiction and history.

This book includes original, peer-reviewed research from the 3rd International Conference on Emerging Trends in Electrical, Communication and Information Technologies (ICECIT 2018), held at Srinivasa Ramanujan Institute of Technology, Ananthapuramu, Andhra Pradesh, India in December 2018. It covers the latest research trends and developments in the areas of Electrical Engineering, Electronic and Communication Engineering, and Computer Science and Information.

The work of a novelist and translator collide in this visionary and hilarious debut from acclaimed French writer Brice Matthieussent. Revenge of the Translator follows Trad, who is translating a mysterious author ' s book, Translator ' s Revenge, from English to French. The book opens as a series of footnotes from Trad, as he justifies changes he makes. As the novel progresses, Trad begins to take over the writing, methodically breaking down the work of the original writer and changing the course of the text. The lines between reality and fiction start to blur as Trad ' s world overlaps with the characters in Translator ' s Revenge, who seem to grow more and more independent of Trad ' s increasingly deranged struggle to control the plot. Revenge of the Translator is a brilliant, rule-defying exploration of literature, the act of writing and translating, and the often complicated relationship between authors and their translators.
