The Social Security Administration (SSA) uses a screening tool called the Listing of Impairments to identify claimants who are so severely impaired that they cannot work at all and thus immediately qualify for benefits. In this report, the IOM makes several recommendations for improving SSA's capacity to determine disability benefits more quickly and efficiently using the Listings.

20-2804

A balanced, sensible approach to a heart-healthy lifestyle introduces a simple method for calculating a person's ideal caloric intake, along with two weeks of menus, nutritional analyses, and two hundred new recipes, ranging from Sole Champignon to Vanilla Soufflé with Brandy-Plum Sauce. 50,000 first printing.
