This is an older, but fun spanish reader. I am somewhere between a beginner and an intermediate spanish speaker. By making a spanish dictionary the default Kindle dictionary, the book was relatively easy to read and quite interesting. The stories are intended for children, but are still fun for an adult to read.

A private detective is following the girl he is in love with. A former air force pilot, he is discovering some sides in the human nature he can't deal with. If you already have background with Spanish language, this book is the best one to try. It makes use of the ALARM Method to efficiently teach its reader Spanish words, sentences and dialogues. Through this method, a person will be able to enhance his or her ability to remember the words that has been incorporated into consequent sentences from time to time. The book is equipped with the audio tracks. The address of the home page of the book on the Internet, where audio files are available for listening and downloading, is listed at the beginning of the book on the copyright page.

There are simple and funny Spanish texts for easy reading. The book consists of Beginner and Elementary courses with parallel Spanish-English texts. The author maintains learners' motivation by funny stories about real life situations such as meeting people, studying, job searches, working etc. The ALARM Method (Approved Learning Automatic Remembering Method) utilize natural human ability to remember words used in texts repeatedly and systematically. The author managed to compose each sentence using only words explained in previous chapters. The second and the following chapters of the Beginner course have only about thirty new words each. The book is equipped with the audio tracks.

The integration of technology into educational environments has become more prominent over the years. The combination of technology and face-to-face interaction with instructors allows for a thorough, more valuable educational experience. Intelligent Web-Based English Instruction in Middle Schools addresses the concerns associated with the use of computer-based systems in teaching English as a foreign language, proving the effectiveness and efficiency of technological integration in modern classrooms. Highlighting cases based on current practices in four diverse schools, this book is a vital reference source for practitioners and researchers interested in the educational benefits of educational technologies in language acquisition.

MLN pioneered the introduction of contemporary continental criticism into American scholarship. Critical studies in the modern languages--Italian, Hispanic, German, French--and recent work in comparative literature are the basis for articles and notes in MLN. Four single-language issues and one comparative literature issue are published each year.
