Transcendence, plus bonus content) Aurora Rising is an epic tale of galaxy-spanning adventure, of the thrill of discovery and the unquenchable desire to reach ever farther into the unknown. It's a tale of humanity at its best and worst, of love and loss, of fear and heroism. It's the story of a woman who sought the stars and found more than anyone imagined possible. When faced with its greatest challenge, will humanity rise to triumph or fall to ruin? * STARSHINE SPACE IS VAST AND UNTAMED, AND IT HOLDS MANY SECRETS. Now two individuals from opposite ends of settled space are on a collision course with the darkest of those secrets, even as the world threatens to explode around them. The year is 2322. Humanity has expanded into the stars, inhabiting over 100 worlds. Though thriving as never before, Earth struggles to retain authority over far-flung planets & free-wheeling corporations while an uneasy armistice with a breakaway federation hangs by a thread as the former rebels rise in wealth and power. Alexis Solovy is Earth Alliance royalty, her father a fallen war hero & her mother an influential military leader. But she seeks only the freedom of space & has made a fortune by reading the patterns in the chaos to discover the hidden wonders of the stars. Nothing about her latest objective suggests the secret it conceals will turn her life-not to mention the entire galaxy-upside down. But a chance encounter with a mysterious spy leads to a discovery which will thrust Alex into the middle of a galactic power struggle & a sinister conspiracy, whether she likes it or not. * VERTIGO Where do you run when there is no escape? Where do you turn when the enemy within is as dangerous as the enemy unknown? Humanity is under attack. An engineered war between rival superpowers

escalates even as the shadowy Metigen armada begins attacking colonies on the fringes of settled space. Individuals from across the galaxy fight for their own survival & to protect those they hold dear while a group of unlikely allies race to expose a secret cabal. As the aliens draw ever closer, leaving destruction & death in their wake, the strongest defenders of Earth & Seneca fall to one another in a war of lies & misdirection. Alex Solovy and Caleb Marano stand accused of terrorism & murder. In a desperate gambit to clear their names & find a way to defeat the invaders, they breach the dimensional portal at the heart of the Metis Nebula. In a strange, mystical realm where nothing is what it seems, they will uncover secrets about humanity's past & future-and one revelation which will change everything. *

TRANSCENDENCE What does it mean to be human? What if the price of saving humanity is giving up your own? We stand upon the precipice of extinction. The invading Metigen armada has decimated a third of settled space, leaving millions dead. Determined to save civilization, Earth & Seneca put aside their differences to face the threat together. But it may not be enough to stop the fleet of colossal dreadnoughts inhabited by advanced AIs. Alex Solovy & Caleb Marano hold the key to defeating the invaders. Now they face a deadly gauntlet of relentless alien hunters & assassins sent to kill them before they can unleash a potent new weapon. They will risk everything in a bid to save the human race-even if it means they can't save each other. The lines blur between man and machine, ally and enemy, and soldier and civilian. In a final stand against an ancient, powerful foe intent on eradicating it from the universe, humanity comes face to face with its destiny.

From a New York Times bestselling author comes a sexy, paranormal "rough-and-tumble adventure" (Library Journal) about a high-stakes romance between two shifters fighting for their lives. Cougar shifter Abby Carter always plays it safe. That's why she's an accountant--no excitement, no danger, and no cocky alpha males. She loves her quiet life, but fate has other plans. When Abby uncovers the shady dealings of an anti-shifter organization, she'll have to trust the too-sexy-for-her-peace-of-mind werewolf Declan Reed...or end up six feet under. Declan Reed is starting over. After two years with Shifter Operations Command, it's time to put his past behind him. Now Declan is the only thing standing between the gorgeous Abby and an early grave, and if he's going to have any chance of keeping her alive, he'll have to embrace the darkness he's fought to keep at bay. But first he has to convince Abby that there's no safer place in the world than the arms of a big bad werewolf. "Celia Kyle's my go-to for sexy alpha shifters and fast-paced, delicious storylines." -- Jessica Clare. New York Times and USA Today bestselling author

The acclaimed author of Finn "digs down to the bones of a classic and creates must-read modern literature" (Charles Frazier, New York Times bestselling author) with this "clever riff" (The Washington Post) on Dickens' classic A Christmas Carol that explores of the relationship between Ebenezer Scrooge and Jacob Marley. "Marley was dead, to begin with," Charles Dickens tells us at the beginning of A Christmas Carol.

But in Jon Clinch ' s “ masterly ” (The New York Times Book Review) novel, Jacob Marley, business partner to Ebenezer Scrooge, is very much alive: a rapacious and cunning boy who grows up to be a forger, a scoundrel, and the man who will be both the making and the undoing of Scrooge. They meet as youths in the gloomy confines of Professor Drabb ' s Academy for Boys, where Marley begins their twisted friendship by initiating the innocent Scrooge into the art of extortion. Years later, in the dank heart of London, their shared ambition manifests itself in a fledgling shipping empire. Between Marley ' s genius for deception and Scrooge ' s brilliance with numbers, they amass a considerable fortune of dubious legality, all rooted in a pitiless commitment to the soon-to-be-outlawed slave trade. As Marley toys with the affections of Scrooge ' s sister, Fan, Scrooge falls under the spell of Fan ' s best friend, Belle Fairchild. Now, for the first time, Scrooge and Marley find themselves at odds. With their business interests inextricably bound together and instincts for secrecy and greed bred in their very bones, the two men engage in a shadowy war of deception, forged documents, theft, and cold-blooded murder. Marley and Scrooge are destined to clash in an unforgettable reckoning that will echo into the future and set the stage for Marley ' s ghostly return. “ Read through to the last page of this brilliant book, and I promise you that you will have a permanently changed view, not just of Dickens ' s world, but of the world we live in today ” (Elizabeth Letts, New York Times bestselling author).

excerpt from the upcoming novel, Exin Ex Machina**
Our universe is but a snowglobe--an experiment born of desperation and hope. The true universe is unfathomably vast, teeming with life and untold wonders. And it is enslaved. Created by ancient aliens in a daring gambit to understand the nature of the enemy, humanity is now asked to be the savior of a universe not their own. If they are to succeed, they must rise above not only their fractious past but the sins of their genetic ancestors to boldly embrace a future they never dared imagine possible. *

RELATIVITY "I'd tell you to be careful, but we wouldn't be here if you'd ever taken that advice. No reason to start now, right?" For millennia the Anadens have ruled the known universe. They believe they've crafted the perfect empire, ordered and impervious to challenge. They believe the fight has been crushed out of the species they subjugate. They are wrong. It's a suicide mission, without a doubt. Alex Solovy and Caleb Marano must steal crucial intelligence from the Anadens' central military headquarters. To succeed, they'll need to navigate a strange universe ruled by a cabal of powerful immortals, populated by aliens they've never met and fueled by technology they've never seen. They're going to need a little help--the kind of help only a suicidally defiant anarchist on the run from more than just personal demons can provide. *

RUBICON "We are you--the you that you could have been." The Anaden Directorate has ruled Amaranthe for millennia, subjugating species and galaxies in a neverending quest for control and order. For as many millennia, the anarchs have rebelled, defiantly claiming their own freedom yet without hope of winning it for everyone. Now, an alliance with humans offers a

tantalizing chance to at last defeat their immortal masters. But can they trust an ally who looks suspiciously like the enemy? Humanity is the genetic recreation of the Anadens, but genetics aren't everything. Humans like to make their own destiny, and they have overcome great challenges to achieve unprecedented peace and prosperity. But have their trials prepared them for the enemy they now face? "The battle for the heart and soul of Amaranthe will be joined, and we must be unafraid." Amidst the chaos of an escalating war, Caleb's bond with the mysterious diati grows ever more powerful, even as Alex's forays into the hidden dimensions of the universe lead them to unfathomable places. But when the anarchs are pushed to the breaking point and the AEGIS fleet is dealt a devastating blow, Miriam Solovy must find a way to defeat a foe wielding superior technology, firepower and numbers, or else more than one civilization will be lost. * REQUIEM The end of the world began with a library query...how will it conclude? What began as a chance discovery of an anomalous signal is now a multiverse war between humanity and its genetic ancestors over who controls the levers of life and death. Over who decides what life is and whether it will be allowed to exist. For the ruling Anaden Directorate, victory means immortality. For humanity, defeat means extinction. On the heels of a breakthrough in wormhole technology, AEGIS and the anarchs enjoy the upper hand in the war. But their escalation pushes the Directorate to the brink, and now it will stop at nothing to destroy its enemy. In the thrilling finale of Aurora Rhapsody, events rush headlong toward an explosive conclusion that will decide the fate of civilizations, and only the victor is making it out the other side.

The erotic couple is called to recognize, through writing and literature, his/her other half, his/her mate and eventually the self as other. The result of this experiment is a stream of consciousness and a collection of tales in which themes such as love, sex, religious ecstasy, psychiatry and myth are intertwined. The bookOCO's style is unique, as it attempts to unify subtly connected narratives, partial tales that lean toward the structure of a more synthetic prose piece, but which cannot be regarded as either novella or novel. The book in its original Greek was awarded the prestigious European Prize for Literature in 2011. The aim of this prize is to put the spotlight on the creativity and diverse wealth of EuropeOCO's contemporary literature in the field of fiction, to promote the circulation of literature within Europe and encourage greater interest in non-national literary works. Translated into English, The Experiment offers the reader a unique and enriching reading experience which transcends literary and cultural norms."
