The Andrews Sisters, the legendary singing trio of the 1930s, 1940s, and 1950s are the most successful female singing group in history and were the world's top selling group until the Beatles arrived. Of the 605 songs they recorded, 113 charted. They also made 18 movies, appeared regularly on radio and television, and entertained three generations of GIs. Based on extensive research, unpublished letters, and interviews with family, friends, and colleagues, this book documents not only the lives and work of the Andrews Sisters but also the popular culture spanned by their long careers. The book contains a complete discography of their released, unreleased, and solo recordings, including recording dates, record numbers, and accompaniment. Also included are a filmography and documentation of their radio and television appearances.

Between 1945 and 1965 rhythm and blues artists made dozens of recordings incorporating West Indian calypso. This book draws musical and cultural connections that make the case for recognizing the significance of West Indian calypso in the history of African American popular music.

In this electrifying bestseller, the shrewd and voluble trial lawyer Louis Nizer, who made a long career of representing famous people in famous cases, recounts some of his significant civil and criminal cases. Nizer rose to national fame with his real-life accounts of tension-filled courtrooms and the fervor of the advocate, and "My Life in Court" proved to be no exception: it rose to the top of the Times's best-seller list on its publication in 1961 and logged 72 weeks as a sales leader. The book is an in-depth collection of some of Mr. Nizer's court case success stories, including his client Quentin Reynolds' famous libel action against the columnist Westbrook Pegler, which would also become the basis of the 1963 Broadway play "A Case of Libel." Praised by critics as "entertaining and philosophically instructive, an unusual combination," Nizer's movie-like plots of real-life courtroom drama will keep you captivated until the very last page.

In the years before and after World War II, there were no bigger voices than those of the Andrews Sisters. Maxene, LaVerne, and Patty charted more top ten Billboard hits than Elvis or the Beatles and went on to become the top-selling female vocal group of all time, selling approximately 100 million records. They recorded such instant hits as "Beer Barrel Polka," "Boogie Woogie Bugle Boy," "Don't Fence Me In," and "I Can Dream, Can't I?" They dominated the music scene for fifteen years with some 600 recordings, appearances in seventeen films, cabaret performances, and countless radio and television appearances. Swing It! is the first published biography of this incredibly popular trio. The book includes many rarely published photos and features extensive career data, including a detailed discography, filmography, and listing of their radio and television appearances between 1938 and 1967. The Andrews Sisters had their big break with the 1937 release of the Yiddish tune "Bei Mir Bist Du Schon (Means that You're Grand)," which sold 350,000 copies in one month and established the trio as successful recording artists. The sisters are now probably best remembered for their work entertaining troops in World War II. They traveled across the U.S. and to Italy and Africa, and their recording of "Boogie Woogie Bugle Boy" for the film Buck Privates became synonymous with the war effort. Part of the reason for the success of the Andrews Sisters was their ability to perform so many different types of music. They repeatedly achieved major hits with melodies derived from many different countries, becoming the first and most prominent artists of their time to bring ethnic-influenced music to the forefront of America's hit parade. The Andrews Sisters separated for two years in the 1950s as the strain of constantly living, working, and playing together for over four decades took its toll. They reunited in 1956 and continued to perform together until LaVerne's death from cancer in 1967. The Andrews Sisters remain the most successful and enduring female vocal group in the history of show business. Theirs are the voices that defined an era.

- Contains over 50 recipes for rum-based drinks and dishes that are historical in focus - Rum has never been more popular--there are over 1500 rum labels bottled in more than 40 countries around the world. Brings together the most important documents on the history of the relationship between the United States and Latin America from the nineteenth century to the present. This second edition features updated selections on current trends, including key new documents on immigration, regional integration, indigenous political movements, democratization, and economic policy.

Now revised, updated, and with new recipes, And a Bottle of Rum tells the raucously entertaining story of this most American of liquors From the grog sailors drank on the high seas in the 1700s to the mojitos of Havana bar hoppers, spirits and cocktail columnist Wayne Curtis offers a history of rum and the Americas alike, revealing that the homely spirit once distilled from the industrial waste of the booming sugar trade has managed to infiltrate every stratum of New World society. Curtis takes us from the taverns of the American colonies, where rum delivered both a cheap wallop and cash for the Revolution; to the plundering pirate ships off the coast of Central America; to the watering holes of pre-Castro Cuba; and to the kitsch-laden tiki bars of 1950s America. Here are sugar barons and their armies conquering the Caribbean, Paul Revere stopping for a nip during his famous ride, Prohibitionists marching against "demon rum," Hemingway fattening his liver with Havana daiquiris, and today's bartenders reviving old favorites like Planter's Punch. In an age of microbrewed beer and single-malt whiskeys, rum--once the swill of the common man--has found its way into the tasting rooms of the most discriminating drinkers. Complete with cocktail recipes for would-be epicurean time-travelers, this is history at its most intoxicating.

World Englishes and English in postcolonial contexts have been curiously neglected in an otherwise abundant research literature on text types and genres in English. This volume looks at the adaptation, transformation and emergence of genres in the particular cultural context of the Anglophone Caribbean. A comprehensive framework for the investigation of text production in postcolonial and global English communities is followed by empirically based case studies on specific text formats such as recipes, death notices and obituaries, letters to the editor, newspaper advice columns, radio phone-in programmes, online forums and the music genre calypso. Influences from oral versus literate culture as well as status and function of English versus Creole are considered by highlighting written, spoken and digital genres. All chapters present surveys from a historical and cross-cultural perspective before exploring specific linguistic and cultural features in the Caribbean texts. This volume will be highly relevant for researchers in World Englishes and Caribbean studies, postcolonial pragmatics, genre and media studies as well as linguistic anthropology.
