Interactive General Chemistry meets students where they are...with a general chemistry program designed for the way students learn. Achieve provides a new platform for Interactive General Chemistry, thoughtfully developed to

engage students for better outcomes. Powerful data and analytics provide instructors with actionable insights on a platform that allows flexibility to align with a broad variety of teaching and learning styles and the exciting Interactive General Chemistry program! Whether a student's learning path starts with problem solving or with reading, Interactive General Chemistry delivers the learning experience he or she needs to succeed in general chemistry. Built from the ground up as a digital learning program, Interactive General Chemistry combines the Sapling Learning homework platform with a robust e-book with seamlessly embedded, multimedia-rich learning resources. This flexible learning environment helps students effectively and efficiently tackle chemistry concepts and problem solving. Student-centered development In addition to Macmillan's standard rigorous peer review process, student involvement was critical to the development and design of Interactive General Chemistry. Using extensive research on student study behavior and data collection on the resources and tools that most effectively promote understanding, we crafted this complete course solution to intentionally embrace the way that students learn. Digital-first experience Interactive General Chemistry was built from the ground up to take full advantage of the digital learning environment. High-quality multimedia resources--including Sapling interactives, PhET simulations, and new whiteboard videos by Tyler DeWitt--are seamlessly integrated into a streamlined, uncluttered e-book. Embedded links provide easy and efficient navigation, enabling students to link to review material and definitions as needed. Problems drive purposeful study Our research into students' study behavior showed that students learn best by doing--so with Interactive General Chemistry, homework problems are designed to be a front door for learning. Expanding upon the acclaimed Sapling homework--where every problem contains hints, targeted feedback, and detailed step-by-step solutions--embedded resources link problems directly to the multimedia-rich e-book, providing just-in-time support at the section and chapter level.

Organic Chemistry: Structure and Function 8e maintains the classic framework with a logical organization that an organic molecule's structure will determine its function and strengthens a focus on helping students understand reactions, mechanisms, and synthetic analysis and their practical applications. The eighth edition presents a refined methodology, rooted in teaching expertise to promote student understanding and build problem solving skills. Paired with SaplingPlus, students will have access to an interactive and fully mobile ebook, interactive media features and well respected Sapling tutorial style problems—Where every problem emphasizes learning with hints, targeted feedback and detailed solutions as well as a unique pedagogically focused drawing tool.

Introductory Chemistry creates light bulb moments for students and provides unrivaled support for instructors! Highly visual, interactive multimedia tools are an extension of Kevin Revell's distinct author voice and help students develop critical problem solving skills and master foundational chemistry concepts necessary for success in chemistry.

The perfect way to prepare for exams, build problem-solving skills, and get the grade you want! Offering detailed solutions to all in-text and end-of-chapter problems, this comprehensive guide helps you achieve a deeper intuitive understanding of chapter material through constant reinforcement and practice. The result is much better preparation for in-class quizzes and tests, as well as for national standardized tests such as the DAT and MCAT.
