This ebook was written to support the AQA Biology AS syllabus with Units 1, 2 and 3. Of all of the biology courses I have taught this syllabus is good one but it can be a tricky one. The syllabus is broad, but ill focused in my opinion. It hangs loosely around the central theme of the Biology and disease (Unit 1) Diversity of life (Unit 2), but ...

Here are the best resources to pass Unit 1 Biological Molecules at AQA. Find Unit 1 Biological Molecules study guides, notes, assignments, and much more.

Written by Steve Potter and revised by a senior examiner, Martin Rowland, this AQA AS Biology Student Unit Guide is the essential study companion for Unit 2: The Variety of Living Organisms. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index, examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required and exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade.

Written by Steve Potter and revised by a senior examiner, Martin Rowland, this AQA AS Biology Student Unit Guide is the essential study companion for Unit 1: Biology and Disease.

"This revision book has everything that I wanted when I was revising my Biology for AS-Level. It has clear concise revision notes and notes pages for you to add your own notes as you go along"
Myrevisionnotes is a series founded by what I thought was wrong with revision books for A-level. They simply didn't work for me and then I realised that this was because they weren't mine! Simply these revision guides are a collection of clear and concise revision notes, just what you need to know presented in an easy to read format. Simple right?

AQA approved. Develop your students' scientific thinking and practical skills within a more rigorous curriculum; differentiated practice questions, progress tracking, mathematical support and assessment preparation will consolidate understanding and develop key skills to ensure progression. - Builds scientific thinking, analysis and evaluation skills with dedicated Working Scientifically tasks and support for the 8 required practicals, along with extra activities for broader learning - Supports students of all abilities with plenty of scaffolded and differentiated Test Yourself Questions, Show You Can challenges, Chapter review Questions and synoptic practice Questions - Supports Foundation and Higher tier students, with Higher tier-only content clearly marked - Builds Literacy skills for the new specification with key words highlighted and practice extended answer writing and spelling/vocabulary tests

Develop experimental, analytical and evaluation skills with topical biology examples, practical assessment guidance and differentiated end-of-topic questions in this updated, all-in-one textbook for

Years 1 and 2. Written for the AQA A-level Biology specification, this revised textbook will: - Provide support for all 12 required practicals with plenty of activities and data analysis guidance. - Develop understanding with engaging and contemporary examples to help you apply your knowledge, analyse data and evaluate findings. - Give detailed guidance on the mathematical skills needed with support throughout, examples of method and a dedicated 'Developing mathematical skills' chapter. - Offer regular opportunities to test understanding with 'Test yourself' questions, differentiated end-of-topic questions and 'Stretch and challenge' questions. - Support exam preparation with synoptic questions, revision tips and skills. - Develop understanding with free online access to 'Test yourself' answers, 'Practice' question answers and extended glossaries*.

Two new titles that provide comprehensive coverage of the syllabus. Units 1 and 2 of Biology for CAPE® Examinations provide a comprehensive coverage of the CAPE® Biology syllabus. Written by highly experienced, internationally bestselling authors Mary and Geoff Jones and CAPE® Biology teacher and examiner Myda Ramesar, both books are in full colour and written in an accessible style. Learning objectives are presented at the beginning of each chapter, and to assist students preparing for the examination, each chapter is followed by questions in the style they will encounter on their examination papers.

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus 9093 for first examination in 2015). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.

A best-seller now available in full colour, covering the entire IB syllabus.

Cambridge Global English (1-6) is a six-level Primary course following the Cambridge Primary English as a Second Language Curriculum Framework developed by Cambridge English Language Assessment. Activity Book 1 provides additional practice activities to consolidate language skills and content material introduced in Learner's Book 1. Nine units correspond with the topics, texts and language input of Learner's Book 1 with each lesson of the Learner's Book supported by two pages in the Activity Book. Learning is reinforced through activities clearly framed within the 'I can' objectives of the course, opportunities for personalisation and creative work and a higher level of challenge to support differentiation. Each unit in the Activity Book ends with a quiz, offering more in depth assessment for learners. CEFR Level: towards A1.

This revised set of resources for Cambridge International AS and A Level Business syllabus (9609) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, the Coursebook provides comprehensive coverage of the syllabus. Accessible language combined with the clear, visually-stimulating layout makes this an ideal resource for the course. Questions and explanation of key terms reinforce knowledge; different kinds of activities build application, analytical and evaluation skills; and case studies contextualise the content making it relevant to international learners. It provides thorough examination support for all papers with exam-style questions with each chapter and an extensive Paper 3 style case study with each unit. The student CD-ROM contains revision aids, further questions and activities. A Teacher's CD-ROM is also available.
