Written to give students the best possible help as they approach their exams, this text covers key areas in the field of psychology, presenting core ideas in a highly visual form.

The exam books have been carefully written using student friendly language and a layout you will find easy to understand. Each topic has been broke down into EXAM NOTES which are more concise than general psychology text books but more comprehensive than standard revision guides. These books have been specially developed and written by experienced teachers and examiners to help students achieve the best possible grade in their psychology exam. ù Reduce frustration - All exam notes are presented in an easy way for you to learn ù Prevent nail biting - No more "I don't get this!" Key theories and studies are written in an easy peasy friendly way. ù Prevent Hair loss - Don't pull your hair out over the evaluation part. We have written it all for you! ù Reduce panic attacks - We have given you lots of exam questions at the end of the exam notes to practise (to prevent shock in the real exam if you haven't seen any before!). ù Prevent confusion - Use the revision checklist as you study to tell you what and how much you need to know. Visit www.psychologyzone.co.uk the only dedicated A Level Psychology website which has over 1000 exam questions and model answers, exam notes, exam advice and much more. Register onto the website and use the examGenerator tool. You can search for exam style questions with model answers or mark schemes and create your own revision or mock paper.

Exam board: OCR Level: GCSE Subject: Psychology First teaching: September 2016 First exams: Summer 2018 Target success in OCR GCSE Psychology with this proven formula for effective, structured revision; key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students
