Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

An industry-specific accounting guide for brokers and dealers The Accounting Guide: Brokers and Dealers in Securities 2018 is provided by the American Institute of Certified Public Accountants. It details specialized accounting and regulatory requirements for the broker-dealer industry. Detailed chapters provide comprehensive examinations of timely subjects. For example, the chapter on the securities industry covers discount brokers, investment bankers, government securities dealers, clearing brokers, and other professions. Additional chapters cover: regulatory consideration, internal control, accounting standards, and financial statement considerations. Broker-dealers gain guidance in financial statement preparation while following the best practices and accounting principles outlined.

From financial reporting to revenue recognition to grants and contracts to auditor report changes, you have a lot going on in the not-for-profit financial arena right now. Whether you're already an expert in NFP audit and accounting standards or just getting started, this is the practical guidance you need. This must-have resource for nonprofits accounting and auditing professionals is an essential reference that will assist you with the unique aspects of accounting and financial statement preparation and auditing for not-for-profit entities. It will help you with the following Understand and implement recent updates and changes, including those related to financial reporting, revenue recognition, and grants and contracts Gain a full understanding of the accounting issues unique to not-for-profit entities Assist in the implementation of auditor report changes.

This book helps simplify the complexities of insurance entity regulatory compliance. Whether performing audit engagements or management at an insurance entity, the 2018 edition of this guide is a must-have resource to keep abreast of recent regulatory changes related to the life and health insurance industry, its products and regulatory issues, and the related transaction cycles that an insurance entity is involved with. New to the 2018 edition: This edition covers recent regulatory updates related to the Affordable Care Act and provides guidance for new standards that impact life and health insurance, including revenue recognition, financial instruments, leases, and more.

Whether you are a financial statement preparer or auditor, it is critical to understand the complexities of the specialized accounting and regulatory requirements for investment companies. This 2018 guide provides authoritative how-to accounting and auditing advice, including implementation guidance and illustrative financial statements and disclosures. This guide is the industry standard resource, supporting practitioners in a constantly changing industry landscape packed with continuous regulatory developments. Updates include: References to appropriate AICPA Technical Questions and Answers that address when to apply the liquidation basis of accounting. Appendices discussing the new standards for financial instruments, leases and revenue recognition. Appendices discussing common or collective trusts and business development companies.

Considered the construction contractors industry standard resource, this 2018 edition is packed with information on new requirements and relevant changes to the FASB Accounting Standards Codification, including a high-level look at FASB ASU Nos. 2014-09, Revenue from Contracts with Customers and 2016-02, Leases. Further, as an Appendix to Chapter 2, Contract Accounting, the guide contains the views of the AICPA's Revenue Recognition Task Force and Financial Reporting Executive Committee on the implementation of FASB ASU No. 2014-09. Whether you are in public accounting, performing assurance services, or operate in the industry, this resource has the information you need to perform at your best. Highlighting practical tips and industry specific guidance, this guide provides value from simple accounting to joint venture creation and takes a deep dive into industry specific auditing procedures. With two complete sets of financial statements and disclosures, it provides an industry accepted blueprint from where to start, or a reference for auditing the final product.

Considered the industry's standard resource, this guide helps accountants and financial managers understand the complexities of the specialized accounting and regulatory requirements of the health care industry. Updated for 2018, this edition has been prepared and reviewed by industry experts and provides hands-on, practical guidance for those who work in and with health care entities. A critical resource for auditors, this edition includes new accounting standards and relevant GASB and FASB updates (including those related to private companies). Updates include: FASB ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606) FASB ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10) Recognition and Measurement of Financial Assets and Financial Liabilities FASB ASU No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities SAS No. 133, Auditor Involvement With Exempt Offering Documents GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting) GASB No. 83, Certain Asset Retirement Obligations

This AICPA Accounting and Auditing Guide is a must-have for the resource libraries of accounting and auditing professionals who work with not-for-profit organizations. This essential reference book assists accountants in the unique aspects of accounting and financial statement preparation and auditing for not-for-profit entities. Created with common errors and questions in mind, accountants benefit from not-for-profit industry-specific guidance on the issues they are likely to encounter this year. The 2018 edition includes guidance on financial reporting changes, reporting donated services between affiliated NFPs, split-interest agreements, contributions and grants, functional expenses and joint costs, and much more. This new edition provides a comprehensive discussion of FASB ASU No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. The discussion includes highlights of the changes that will assist financial statement preparers with implementing the standard. The guide offers dual guidance throughout, providing readers with the “before-and-after” context to enhance their understanding of the changes, as well as two all-inclusive appendices.

Get authoritative accounting and auditing guidance. Educate staff on the property and liability insurance industry, its products and regulatory issues, and the related transaction cycles an insurance entity is involved with. This guide contains updates on current GAAP and statutory accounting and audit guidance, as well as relevant guidance contained in standards issued through September 1, 2018 which have a major impact on insurance entities, including: FASB ASU No. 2016-01 and AICPA Q&A Section 7100.15: Insurance Companies and the Definition of Public Business Entity Revenue Recognition Implementation Issue: Considerations for Applying the Scope Exception in FASB ASC 606-10-15-2 and 606-10-15-4 to Contracts Within the Scope of FASB ASC 944
