The Samsung Galaxy Note is neither phone nor tablet, but rather a hybrid of the two. The Galaxy Note is packed full of new features and tools. In addition, the new S Pen opens up countless possibilities for creating documents and editing photos. The Samsung Galaxy Note Survival Guide organizes the wealth of knowledge about the Galaxy Note into one place, where it can be easily accessed and navigated for quick reference.

The iPad 2 is faster, lighter, and more versatile than its predecessor, but there's still no printed guide to using its amazing features. That's where this full-color Missing Manual comes in. Learn how to stream HD video, make video calls, manage your email, surf the Web, listen to music, play games, and maybe even do a little iWork. This is the book that should have been in the box. Build your media library. Fill your iPad with music, movies, TV shows, eBooks, photos, and more. Share with others. Stream music, HD movies, TV shows, and more, to and from your iPad. Create your own media. Use the iPad's new Photo Booth, iMovie, and GarageBand apps to express yourself. Get online. Connect through WiFi or Wi-Fi+3G, and surf with the iPad's faster browser. Place video calls. See who's talking with the iPad's FaceTime app and its two cameras. Consolidate your email. Read and send messages from any of your accounts. Learn undocumented tips and tricks. Get the lowdown on cool iPad secrets and workarounds.

With iOS 5, Apple added more than 200 new features to the iPad 2, but there's still no printed guide to using all its amazing capabilities. That's where this full-color Missing Manual comes in. You'll learn how to stuff your iPad with media, organize your personal life, wirelessly stream content to and from your tablet, stay connected to friends, and much more. The important stuff you need to know: Build your media library. Fill your iPad with music, movies, TV shows, eBooks, eMagazines, photos, and more. Go wireless. Sync content between your computer and iPad; no wires needed. Get online. Connect through WiFi or Wi-Fi + 3G, and surf the Web using the iPad's new tabbed browser. Consolidate email. Read and send messages from any of your email accounts. Get social. Use built-in apps like iMessage, Twitter, and Ping to stay in touch. Store stuff in iCloud. Stash your content online for free, and sync up all your devices automatically. Interact with your iPad. Learn new finger moves and undocumented tips, tricks, and shortcuts.

Looks at the features and functions of the iPad2, covering such topics as accessing the Internet, setting up an email account, using built-in apps, playing games, using iTunes, watching videos, and syncing with MobileMe.

Learn why it is important to use the Internet wisely and tips for how to stay safe.

Partial Contents: Reliability Concepts; Device Reliability; Hazard Rates; Monitoring Reliability; Specific Device Information, and more. Appendixes. 60 illustrations.

This book was first published in 2015. Since then, the Wi-Fi technology has evolved tremendously. This 2020 edition has important updates about security. Once hackers take control of your Wi-Fi router, they can attack connected devices such as phones, laptops, computers! Fortunately, it is easy to harden the defense of your home network. There are important steps you should take in order to protect your connected devices. An exhaustive catalog of the latest home security devices has been updated in this 2020 edition. Why would you spend a lot of money to have a home security system installed when you can do it yourself! A chapter about health risks has also been added. Are EMF radiations safe? We regularly post updates on our site <http://mediastimulus.com> such as security alerts and the latest in Wi-Fi technology. Your feedback is always welcome <http://mediastimulus.com/contact/>

The perennial bestseller shows you how share your files and Internet connection across a wireless network Fully updated for Windows 7 and Mac OS X Snow Leopard, this new edition of this bestseller returns with all the latest in wireless standards and security. This fun and friendly guide shows you how to integrate your iPhone, iPod touch, smartphone, or gaming system into your home network. Veteran authors escort you through the various financial and logistical considerations that you need to take into account before building a wireless network at home. Covers the basics of planning, installing, and using wireless LANs Reviews essential information on the latest security issues Delivers valuable tips on how to stay current with fast-moving technology Discusses how to share resources such as printers, scanners, an Internet connection, files, and more with multiple computers on one network Wireless Home Networking For Dummies, 4th Edition skips the technical jargon and gets you connected with need-to-know information on building a wireless home network.

What colours would you choose for Alice s dress? Will your White Rabbit in fact be a rainbow rabbit? With these beautifully detailed, black and white illustrations by Nikki Wright you can create your own Alice in Wonderland storybook. This edition will delight readers and colourists of all ages, from adults rediscovering their love for this classic story through to young children encountering it for the very first time. Celebrate the lasting impact of a finely crafted work of fiction, and enjoy the therapeutic benefits of switching everything off and simply colouring in.

Fully updated to cover the iPhone 5 and iOS6, the bestselling Rough Guide to the iPhone is the ultimate guide to the definitive gadget of our time. The full colour guide shows you how to make the most of the iPhone 5's unique blend of fun and function. As well as covering the basics such as synchronizing with iCloud, Facetime and making the most of Siri, the book also unlocks new secrets such as how to make free international calls and exploring the latest built-in features such as Facebook integration, panoramic photos and Apple Maps. There's also up-to-date advice on the coolest apps available on the App Store. Whether your focus is productivity or creativity, The Rough Guide to the iPhone will turn you from an iPhone user into an iPhone guru. Now available in ePub format.
