Wherever he goes, he enchants people and inspires them to search for the most important thing: the heart of the human soul. Every person he meets

At the end of this moving tale the true identity of The Dreamseller is revealed. He is the owner of one of the biggest companies in the world, who married the love of his life and had two beautiful children. But he was always too busy to spend time with them. He finally planned a vacation but at the last minute there was a problem at work and he stayed behind. Before they left for the airport his nine year old son said: 'You are the best dad in the world and the busiest one too.' That was the last time he saw his family. The plane crashed. After losing the most important part of his life, the businessman decided to search inside his soul and to share his story with the world. This is how The Dreamseller was born.
