This new edition of the successful Targeting Maths series has incorporated the feedback of hundreds of teachers. New features of the program include: National Curriculum alignment - Targeting Maths App for iPad - Fully-integrated problem-solving program - Term investigations; regular revision -- Interactive white board activities and student book.

Infused with our authors' personal experiences teaching, Literacy in Australia, 3rd Edition is delivered as a full colour printed textbook with an interactive eBook code included. This enables students to master concepts and succeed in assessment by taking the roadblocks out of self-study, with features designed to get the most out of learning such as animations, interactivities, concept check questions and videos. With a prioritised focus on the Aboriginal and Torres Strait Islander histories and cultures featured throughout the text, pre-service teachers will be well-equipped with the knowledge of what kinds of activities they can include in and out of the classroom for an enriching learning experience for their students.

The Australian Curriculum Edition TARGETING MATHS YEAR 3 STUDENT BOOK has been specifically written to meet the Australian Curriculum requirements of primary school Year 3. THE TARGETING MATHS YEAR 3 STUDENT BOOK features: Australian Curriculum Alignment Complete coverage of all Year 3 Content descriptions for mathematics. Targeting Maths App for iPad The Targeting Maths Year 3 Student Book is fully cross-referenced to the Year 3 Targeting Maths App. Children will benefit from the combination of book-based and digital learning this program provides. Fully integrated Problem-solving Program Actively builds students' abilities to think mathematically, problem solve and communicate their answers in a variety of ways. Term Investigations Students plan and work through problems that extend their mathematical fluency. In-stage topic alignment for composite classes Each TARGETING MATHS STUDENT BOOK in Stage 2 (Student Book Year 3 and Year 4) match topic-by-topic. Regular Revision Regular revision pages maintain skills. Interactive whiteboard activities for front-of-class teaching The TARGETING MATHS YEAR 3 TEACHING GUIDE includes the complete Year 3 Rainforest Maths CD-ROM, an invaluable resource for teaching and learning a wide variety of maths concepts. This book aims to teach Year 3 students: patterns and multiples, 4-digit numbers, subtraction strategies, and symmetry and angles. The Australian Curriculum Edition TARGETING MATHS YEAR 3 STUDENT BOOK introduces NAPLAN* practice, with a variety of activities designed to familiarise students with NAPLAN*-style questions and prepare them for NAPLAN testing.

"A picture of Australia's children 2012 provides the latest information on the health and wellbeing of Australia's children aged 0–14. Many are faring well, but there is scope for further gains, particularly among Aboriginal and Torres Strait Islander children and those living in areas with the lowest socioeconomic status"--page ix.
