The instant New York Times bestseller! Hot on the heels of *The Twin*, the undisputed queen of YA thrillers is back with a scary and suspenseful read about a summer camp filled with dark secrets. Esme and Kayla once were campers at Camp Pine Lake. They're excited to be back this year as CITs (counselors in training). Esme loves the little girls in her cabin and thinks it's funny how scared

they are of everything--spiders, the surly head counselor, the dark, boys . . . even swimming in the lake! It reminds her a little of how she and Kayla used to be, once. Before . . . it happened. Because Esme and Kayla did something bad when they were campers. Afterwards, the girls agreed to keep it secret. They've moved on--or so they say--and this summer is going to be great. Two months of sun, s'mores, and flirting with the cute boy counselors. But then they get a note. **THE LAKE NEVER FORGETS.** And the secret they've kept buried for so many years is about to resurface.

rookie pilot with a massive hangover to blame? Was it, in fact, faulty maintenance? Fate? Tony Valenti is hired to defend the outgunned mechanics in a case where nothing is as it seems. He's up against a win-at-all-costs legal behemoth with resources that dwarf those of his mom-and-pop law firm. Only facts can save his clients, but Tony's search for the truth is thwarted at every turn by opponents who will stop at nothing to win. Tony is already on the ropes when he makes the startling discovery that he has adversaries beyond the courtroom—enemies far more dangerous than a corrupt corporation and its lawyers. Plunged into a moral quagmire in which he's forced to risk one life to protect another, Tony isn't only battling to win a lawsuit... he's also racing to save the most precious people in his life. Midwest Book Review “With his trademark breezy style reminiscent of Dennis Lehane, Turner has produced another devourable thriller.” Self-Publishing Review, 100%½ Awesome Installment in the Series "This was a fantastic legal thriller. The opening had me hooked... The twists and turns the narrative took after that had me glued to the pages. Fans of thrillers and mysteries will enjoy all that this book has to offer." Phil Bolos 5.0 out of 5 stars A fine case for Tony Valenti - and us! "a memorable character in Tony Valenti...Neil continues to establish fascinating cases...a well-crafted story...excellent characters...the language and pacing excels to the final satisfying page. One thing I like is the legal perspective rather than a detective perspective, which is the more typical POV in these types of novels. The author is careful not to use too much legal or technical jargon and explains what he does use well. I do think his books could use better titles, but the content is A+ for the most part. Overall, a fast and fun read.” Kat Denning 4.0 out of 5 stars “This is the first book I have read by this author and I don't think it will be the last. I loved all the Italian heritage stuff and the hotheaded Italian stubbornness of the father is highlighted well. We live in

Italy and believe me this is a very common trait amongst Italian men!! Great action thriller with a great ending - well written story. I would definitely like to read the next book in this series.” Carol Ball rated it 4.0 out of 5.0 stars From Goodreads Susan van der Walt rated it 4.0 out of 5.0 stars “I like how the author shows the theme of loyalty throughout the book. Plane in the Lake is a complex novel with various angles. The use of different storylines keeps the readers guessing about how it all connects. We find it easy to associate with Tony and his inner battles: how can he protect his family and still do what is right?”

little-understood corner of Europe Lake Ohrid and Lake Prespa. Two ancient lakes joined by underground rivers. Two lakes that seem to hold both the turbulent memories of the region's past and the secret of its enduring allure. Two lakes that have played a central role in Kapka Kassabova's maternal family. As she journeys to her grandmother's place of origin, Kassabova encounters a historic crossroads. The lakes are set within the mountainous borderlands of North Macedonia, Albania, and Greece, and crowned by the old Via Egnatia, which once connected Rome to Constantinople. A former trading and spiritual nexus of the southern Balkans, this lake region remains one of Eurasia's most diverse corners. Meanwhile, with their remote rock churches, changeable currents, and large population of migratory birds, the lakes live in their own time. By exploring on water and land the stories of poets,
