This book is a no-nonsense guide for Office users who have a SharePoint environment deployed. Written by the person responsible for large SharePoint deployment - his role is helping desktop users integrate and use SP features seamlessly - our author takes users through working with their familiar Office applications and leveraging SharePoint on the backend. This is different than using SharePoint; it's about putting Office to work and integrating it with SharePoint in such a way that even more benefits and synergies are realized. It's about using Office and

Access Free Banner User Guide

SharePoint as a platform, and there is no other book on the market combining the two products.

Learn how to make the most of SharePoint 2016 and its wide range of capabilities to support your information management, collaboration, and business process management needs. Whether you are using SharePoint as an intranet or business solution platform, you will learn how to use the resources (such as lists, libraries, and sites) and services (such as search, workflow, and social) that

Access Free Banner User Guide

make up these environments. In the fifth edition of this bestselling book, author Tony Smith walks you through the components and capabilities that make up a SharePoint 2016 environment. He provides step-by-step instructions for using and managing these elements, as well as recommendations for how to get the best out of them. What You Will Learn

- Create and use common SharePoint resources like lists, libraries, sites, pages and web parts
- Understand when and how workflows and information management policies can be used to automate process
- Learn how to take advantage

Access Free Banner User Guide

of records retention, management, and disposition Make the most of SharePoint search services Take advantage of social capabilities to create social solutions Who This Book Is For Whether you have not yet used SharePoint at all, have used previous versions, have just started using the basic features, or have been using it for a long of time, this book provides the skills you need to work efficiently with the capabilities SharePoint 2016 provides.

PrestaShop 1.6 User-Guide
PrestaShop presents a comprehensive, intuitive
