Medical clinic CEO Edmund Summerfield was once held in high regard throughout his wealthy community. Unfortunately, his ranking has recently fallen due to the difference in political views between Edmund and the group of ultra-conservative group of men who belong to the same country club. Despite the seemingly insurmountable challenges that loom in the near future, the Summerfield family is not about to give up their dedication to maintaining freedom and democracy in the face of the increasingly alarming positions of the far right. But little do they know just how difficult their fight will be. Concerned about the undeniable signs of authoritarianism and the ongoing assault upon democratic principles, Edmund and his two children, Nancy and Lionel, band together with like-minded friends and begin their commitment to work against political extremism. With no time to lose and the country on the brink of economic calamity, the Summerfields immerse themselves in meetings with other compassionate intellectuals concerned with the future of their country. Unfortunately, their well-intended journey has now led them into the midst of an adversarial relationship with elitist conservatives who seek limitless wealth and political power. In this dramatic tale, a political saga slowly unfolds as the Summerfields act on their unselfish intentions to serve the common good, never giving up hope that their beloved nation will, as always, rise up to meet its challenges and threats.

Witnessed at the House of J.A. Gridley, Southampton, Mass., by a Circle of Friends, Embracing the Extremes of Good and Evil. The Great doctrines of the Bible, such as the Resurrection, Day of Judgment, Christ's Second Coming.

A “ marvelous history ” * of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years ' War, by the Pulitzer Prize-winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “ furious follies, ” a “ terrible worm in an iron cocoon. ” Praise for *A Distant Mirror* “ Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better. ” —*The New York Review of Books* “ A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer. ” —*The Wall Street Journal* “ Wise, witty, and wonderful . . . a great book, in a great historical tradition. ” —*Commentary*

In the 20th Anniversary of the Royal War the line of succession has come into question. The aging megalomaniac King Sythe has opened up the position of royal heir to the kingdom by marrying his only child, a princess with a more than problematic reputation. As a means of gaining access to the King's most inner circle both the Fallout and Wellspring Rebels send up potential candidates for consideration. When it becomes clear they are outmatched a new man steps out from the shadows and claims the title. The kingdom becomes a madhouse with instant wedding preparations and the rebels want to use this chaos to their advantage while they can, but the new prince has other plans in mind for his visitors, one in particular. The Mortician's Widow is catching the wandering eye of more than one spectator as the hectic days ensue. Trying to maintain her fake alliance with each of the rebels is becoming a hassle when Fallout suspects a traitor in their midst. Will she be able to keep her true identity hidden from the right people and get her shot at the king, or will opportunities slip through her fingers once more?

An ordinary girl faces an extraordinary choice in this gripping, coming-of-age tale of secrets and courage set in Nazi Germany, perfect for readers who enjoyed *The Book Thief* and *Beneath a Scarlet Sky*. ' It's terrifying and incredible to think how much of this story is true'

Elizabeth Wein, author of Code Name Verity Munich, 1931. Gretchen Muller has been cherished and protected by Adolf Hitler ever since her father, a senior Nazi officer, sacrificed himself to save the life of the Führer. And now Germany has the chance to be great once more, under the command of her 'Uncle Dolf'. But secrets cannot be silenced forever. When Gretchen meets a young Jewish reporter named Daniel Cohen, who claims that her father was actually murdered, she becomes swept up in a desperate and dangerous search for the truth. With the full might of the ever-powerful Nazi party on her tail, and the motives of her dearest friends now in question, Gretchen must risk everything to determine her own allegiances - even if her choices could get her and Daniel killed. What readers are saying about Prisoner of Night and Fog: 'Takes a mature approach to a very serious subject and immerses the reader in the twisted, violent culture of Nazism in the years before Hitler came to power' 'Blankman has woven her clever and well-researched plot around real people and real events - not least the character of Hitler himself' 'A great read for anyone who wants a gripping page turner and particularly to those wanting to find out more about a grimly fascinating period of history'
