BEGINNING ESSENTIALS IN EARLY CHILDHOOD EDUCATION, Third Edition, is a streamlined foundations textbook that introduces early childhood students to the field. This unique text is organized to answer four key questions: What is the field? Who is the child? Who is the teacher? and What is being taught? The four sections address the essentials of early childhood education, emphasizing multiculturalism and developmentally appropriate practice. New to this edition, " Teacher Talk " boxes are first-person accounts from teachers who reflect on their experiences in the classroom and provide valuable, applicable advice for those entering the profession. In addition, " Brain Research " boxes showcase some of the most important aspects of brain research and development today, connecting it to the classroom. Other features include special boxed material that highlights key issues related to standards, diversity, DAP, professionalism, and ethics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

BEGINNING ESSENTIALS IN EARLY CHILDHOOD EDUCATION, Third Edition, is a streamlined foundations textbook that introduces early childhood students to the field. BEGINNING ESSENTIALS IN EARLY CHILDHOOD EDUCATION, CALIFORNIA EDITION, Third Edition, is a streamlined foundations textbook that introduces early childhood students to the field. This unique text is organized to answer four key questions: What is the field? Who is the child? Who is the teacher? and What is being taught? The four sections address the essentials of early childhood education, emphasizing multiculturalism and developmentally appropriate practice. New to this edition, " Teacher Talk " boxes are first-person accounts from teachers who reflect on their experiences in the classroom and provide valuable, applicable advice for those entering the profession. In addition, " Brain Research " boxes showcase some of the most important aspects of brain research and development today, connecting it to the classroom. Other features include special boxed material that highlights key issues related to standards, diversity, DAP, professionalism, and ethics. This California-specific edition directly connects the California Early Childhood Educator Competencies to the material in the text. The beginning of each chapter highlights which competencies are covered in the chapter, and a detailed chart in the appendix shows the correlation of each chapter to the standards through the competency area/performance area/topic levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The primary strength of BEGINNINGS AND BEYOND: FOUNDATIONS IN EARLY CHILDHOOD EDUCATION, 10th Edition, is its blend of simplicity and depth. In a clear and easy-to-understand style, the book lays out basic questions any student of early childhood education would want answered -- and presents key concepts, the latest research, and practical examples so that questions are thoroughly answered. Coverage of the current Developmentally Appropriate Practices (DAP) is woven throughout the text, as is material on diversity and development, which enables readers to understand that issues of age, gender, race/ethnicity, ability, and family are part of every aspect of teaching and learning. Every chapter has a feature focused on how brain-based research is connected to development, and another that highlights intentional teaching. Through its tone, visuals, and pedagogy, the book is accessible to and respectful of readers with a range of abilities and learning styles. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Beginning Essentials is a condensed foundations textbook that introduces the early childhood student to the field, the child and age range, the teacher's role, the environment, and major issues in the field of early childhood education. Designed to assist students in gaining the knowledge and skills needed to become effective, competent teachers and caregivers, the content is presented in four distinct sections of the text. Each section is designed to answer one of the key questions every student of early childhood education wants answered: What is the Field? Who is the Child? Who is the Teacher? and What is Being Taught? The text places an emphasis on multiculturalism and developmentally appropriate practice, and many voices from the field are presented, maintaining that there are many authoritative voices to learn from. Special features of the text include "Our Diverse World" sidebars, which weave issues of diversity throughout the text; What Do You Think boxes, which connect the reader to the content presented; and a chapter devoted to history and issues. This well-organized material is enhanced by a host of sidebars, photos, chapter activities, and integrated technology. Notations about Developmentally Appropriate Practice are interspersed throughout so that new and continuing teachers can see the "many right ways" of teaching children.

Essentials of Early Childhood Education remains one of the most revered texts in the field. The text emphasizes the importance of experience, interactions, and environments to support children in development. This edition highlights up-to-date coverage, statistics, and references to new Canadian studies as well as validates Early Childhood Education as a critical and meaningful vocation. Essentials of Early Childhood Education will provide students with the foundations necessary to study further in their field and achieve success in their field placements and practicum. The book focuses on issues that must be addressed to prepare individuals to work with young children and families in early development stages.

BEGINNING ESSENTIALS IN EARLY CHILDHOOD EDUCATION, Second Edition, is a streamlined foundations textbook that introduces early childhood students to the field. This unique text is organized to answer four key questions: What is the field? Who is the child? Who is the teacher? and What is being taught? These four sections address the essentials in early childhood education, emphasizing multiculturalism and developmentally appropriate practice. A new reader-friendly design with a more visual layout better meets the needs of today 's learners. Other new features include special boxed material that highlights key issues related to standards, diversity, DAP, professionalism, and ethics. Video features introduce videos of actual early childhood settings that are available on the accompanying website, an invaluable resource that provides instructors and students with opportunities for reflection as well as for personal and professional development. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
