Beginning Postcolonialism by John McLeod was quite good as a starting place for understanding major currents of thought, major debates, and the principal theorists as well as literary figures. For a long time I've always felt a bit of disdain for these kinds of introductory books, I'm not sure where that comes from.

Postcolonialism has become one of the most exciting, popular and stimulating fields of literary and cultural studies in recent years. Yet the variety of approaches, the range of debate and the critical vocabularies often used may make it challenging for new students to establish a firm foothold in this area. *Beginning Postcolonialism* is a vital resource for those taking undergraduate courses in postcolonial studies for the first time and has become an established international best-seller in the field. In this fully revised and updated second edition, John McLeod introduces the major areas of concern in a clear, accessible and organised fashion. He provides an overview of the emergence of postcolonialism as a discipline and closely examines its many established critical approaches while also exploring important recent initiatives in the field. In particular, *Beginning Postcolonialism* demonstrates how many key postcolonial ideas and concepts can be effectively applied when reading texts and enables students to develop their own independent thinking about the possibilities and pitfalls of postcolonial critique.

This superb study explores the imaginative transformation of the city by African, Asian, Caribbean and South Pacific writers since the 1950s.

An anthology of twenty-five short stories by the very best emerging and award-winning contemporary African writers illuminates modern-day concerns and realities of African life and features the writing of Ben Okri, Chinua Achebe, and others. Originally published as *African Rhapsody: Short Stories of the Contemporary African Experience*. Reprint. 17,500 first printing.

This superb study explores the imaginative transformation of the city by African, Asian, Caribbean and South Pacific writers since the 1950s.

The *Oxford Handbook of Postcolonial Studies* provides a comprehensive overview of the latest scholarship in postcolonial studies, while also considering possible future developments in the field. Original chapters written by a worldwide team of contributors are organised into five cross-referenced sections, 'The Imperial Past', 'The Colonial Present', 'Theory and Practice', 'Across the Disciplines', and 'Across the World'. The chapters offer both country-specific and comparative approaches to current issues, offering a wide range of new and interesting perspectives. The Handbook reflects the increasingly multidisciplinary nature of postcolonial studies and reiterates its continuing relevance to the study of both the colonial past, in its multiple manifestations, and the contemporary globalized world. Taken together, these essays, the dialogues they pursue, and the editorial comments that surround them constitute nothing less than a blueprint for the future of a much-contested but intellectually vibrant and politically engaged field.

SHERAZADE, AGED 17, DARK CURLY HAIR, GREEN EYES, MISSING Sherazade is seventeen, Algerian, and a runaway in Paris. Although she has no morals, no scruples, no politics, no apparent emotional depth and little education, Sherazade remains curiously unattached but innocent in the city's

underworld of drop-outs, outcasts, political activists and junkies. With honesty and lyricism this novel exposes the various issues that affect a young woman living in a city which is both sophisticated and provincial, liberal and conservative, tolerant and prejudiced. In Paris, Sherazade is pursued by Julian, the son of French-Algerians who is an ardent Arabist. Pigeon-holed by Julian into the –traditional exotic mold, Sherazade endeavors to create her own definition of Algerian –femininity and in doing so breaks down conventions and stereotypes. It is Julian's obsession with her that spurs her on to self-discovery and to make decisions about her future. Sherazade is about a young woman haunted by her Algerian past. It is a powerful account of a person who searches for her true identity but is caught between worlds—Africa and Europe, her parents' and her own, colony and capital. Ultimately it is an –account of possession, identity and the realities of urban life today and what can happen when society fails to acknowledge its younger generations.

A clear introduction to counseling for non-specialists This book helps those who require a level of counseling skill for their chosen profession, such as nurses, doctors, teachers, and social workers, but are not trained counselors or therapists. It offers an introduction to counseling techniques across all disciplines. A running case study throughout illustrates the key themes.
