Let's be honest. No woman really wants to be alone for the rest of her life. But does being alone mean you're doomed to be miserable forever? Definitely not! And does being single have to equal lonely? No way! You can have the best time of your life when you're single, but you wouldn't know that from our relationship obsessed society, where celebrity magazines devote the majority of their content to who's dating whom and the wedding industry is a \$100-billion business. Yet more than a third of marriages end in divorce, and countless other couples languish in unions that shouldn't have happened in the first place. Don't become a statistic-love yourself and never settle! Jen Schefft knows that better than almost anyone. In 2003, she got engaged in front of millions of people on television's *The Bachelor*, only to see it end nine months later when the relationship just wasn't right anymore. A year later, she turned down an engagement on *The Bachelorette*, and the backlash was relentless. She was labeled a "spinster" by a celebrity magazine, and a

noted national talk-show host remarked that she would be "a bachelorette for the rest of her life." This is a terrible message to send to the millions of sensational single women out there, and in *Better Single Than Sorry* Schefft makes it her mission to let women know that it's better to be single than to be in a relationship that doesn't make you happy. With testimonials from women of all ages—single, married, in committed relationships, with children (even single moms) and without—this book tells you how to let go of your fear of being alone and how to love yourself and never settle for a relationship that is anything less than you deserve. Written in a conversational style, as if talking with your best friend, Schefft helps you navigate the pressures of a culture that places an unhealthy importance on being in a relationship and shows you how to find happiness in work, home, and the simple pleasures of everyday life. Above all, she shows you how it's far, far better to be single than sorry. Being single is a time to have fun, learn new things, grow, and blossom—not a time to feel desperate or depressed, so cherish it!

'It's time for women to start telling the world - and each other - why it's better to be single than sorry. Yes, it's great to have a boyfriend or a husband, and I'm not suggesting women give up the idea of happily ever after, but I don't believe in settling... The truth is, we know what we're looking for and we must never sell ourselves short.' Life can be fabulous on your own - the antidote to dating books! *BETTER SINGLE THAN SORRY* has a simple, refreshing and powerful message. It's far better to be single than to end up with someone who doesn't make you happy just because you want to be in a couple, feel pressured by society / your friends / your mother, or you want to get married or have kids. She's all for compromising and being realistic, but she encourages women not to settle for the sake of it. Chapters include: * Being Single is Not a Curse * It Takes Guts to be On your Own * Don't Play Hard to Get - Be Hard to Get * 50 Reasons Why it's Great to be Single * But All My Friends are Married... * Stop Believing You Can't do Better * Throw Away the Picture of your Ideal Man * Don't Talk yourself into Liking a Guy * Basic Instinct - Trust Yours * What you Want Versus what you Need

After a relationship impasse, Barbara Feldon -- universally known as the effervescent spy "99" on *Get Smart* -- found herself living alone. Little did she know that this time would become one of the most enriching and joyous periods of her life. Now Feldon shares her secrets for living alone and loving it. Prescribing antidotes for loneliness, salves for fears, and answers for just about every question that arises in an unpartnered day, she covers both the practical and emotional aspects of the solo life, including how to: Stop imagining that marriage is a solution for loneliness • Nurture a glowing self-image that is not dependent on an admirer • Value connections that might be overlooked • Develop your creative side • End negative thinking Whether you are blessed with the promise of youth or the wisdom of age, *Living Alone & Loving It* will instill the know-how to forge a life with few maps and many adventures.

This book is one of the most comprehensive of all travel books dedicated for the female traveller to India. It covers the most important aspect of travelling in India - safety. The fact that rapes in India is on the rise and foreign women are also at risk; the book is directed to those female travellers who are considering travelling to India on their own. The book has been designed taking the solo female traveller to India into consideration and the problems they face and how to overcome them; some of which include rape, verbal, sexual, physical assault and/or harassment, groping and other issues faced by foreign women in India. The book also gives an insight on how 'white women' are viewed by Indian men. The book covers major areas of safety including how to avoid rape, how to be safe in Indian hotels, what to wear, travelling alone and being safe in a country where women are often treated like objects rather than human beings. This book is a practical and essential resource for women travelling safely in India so that they can enjoy this magnificent country by overcoming their safety concerns. It's better to be safe than sorry. So pick up your copy of "India Travel Survival Guide For Women" today to prevent yourself from being targeted and make your life and travels in India easier. From the author: The book stems out of my experiences of travelling in India and around the world. I therefore hope to portray true pictures of the realities and issues facing travelling foreign women. My aims are to help overcome the issues faced by women travelling solo in India. This book will therefore be helpful to those who wish to travel alone or in groups.

Fear. This one small word is responsible for destroying relationships, choking off success, and preventing any number of positive changes. Unfortunately, until the root cause of the fear is addressed, it will continue to control decision-making processes and taint the way we see the world. Dr. Casalannie Henry confronts this issue head-on in *Avoiding the Fear Trap*, a book that will teach you how to find relief from the fear that follows you throughout your day. Using brief but comprehensive descriptions of basic psychological concepts, *Avoiding the Fear Trap* covers all levels of relationships including individual, familial, and much bigger groups such as your place of employment (corporate) and national. Politicians and corporations alike have used fear to manipulate and control the public as a way to affect their decisions and behavior, but you can be free from that. Don't let fear immobilize you! Combining his Christian faith and years of experience, Dr. Henry has developed a healing technique called *Spiritual Euphoric Therapy*. It is a therapeutic process that teaches individuals and organizations how to overcome fear and delivers hope for the fearful using powerful Christian counseling principles. This new therapy will help you understand yourself better as well as why others behave the way they do. Learn the secret to *Avoiding the Fear Trap* and live a more productive life.

People who are single are changing the face of America. Did you know that: * More than 40 percent of the nation's adults---over 87 million people---are divorced, widowed, or have always been single. * There are more households comprised of single people living alone than of married parents and their children. * Americans now spend more of their adult years single than married. Many of today's single people have engaging jobs, homes that they own, and a network of friends. This is not the 1950s---singles can have sex without marrying, and they can raise smart, successful, and happy children. It should be a great time to be single. Yet too often single people are still asked to defend their single status by an onslaught of judgmental peers and fretful relatives. Prominent people in politics, the popular press, and the intelligentsia have all taken turns peddling myths about marriage and singlehood. Marry, they promise, and you will live a long, happy, and healthy life, and you will never be lonely again. Drawing from decades of scientific research and stacks of stories from the front lines of singlehood, Bella DePaulo debunks the myths of singledom---and shows that just about everything you've heard about the benefits of getting married and the perils of staying single are grossly exaggerated or just plain wrong. Although singles are singled out for unfair treatment by the workplace, the marketplace, and the federal tax structure, they are not simply victims of this singlism. Single people really are living happily ever after. Filled with bracing bursts of truth and dazzling dashes of humor, *Singled Out* is a spirited and provocative read for the single, the married, and everyone in between. You will never think about singlehood or marriage the same way again. *Singled Out* debunks the Ten Myths of Singlehood, including: Myth #1: The Wonder of Couples: Marrieds know best. Myth #3: The Dark Aura of Singlehood: You are miserable and lonely and your life is tragic. Myth #5: Attention, Single Women: Your work won't love you back and your eggs will dry up. Also, you don't get any and you're promiscuous. Myth #6: Attention, Single Men: You are horny, slovenly, and irresponsible, and you are the scary criminals. Or you are sexy, fastidious, frivolous, and gay. Myth #7: Attention, Single Parents: Your kids are doomed. Myth #9: Poor Soul: You will grow old alone and you will die in a room by yourself where no one will find you for weeks. Myth #10: Family Values: Let's give all of the perks, benefits, gifts, and cash to couples and call it family values. "With elegant analysis, wonderfully detailed examples, and clear and witty prose, DePaulo lays out the many, often subtle denigrations and discriminations faced by single adults in the U.S. She addresses, too, the resilience of single women and men in the face of such singlism. A must-read for all single adults, their friends and families, as well as social scientists and policy advocates." ---E. Kay Trimberger, author of *The New Single Woman*

With the poignant honesty of Robert Fulghum and the good sense of "Dear Abby", this practical guide shows effective ways to avoid being "too" nice and reclaim a satisfying and fulfilling life. Most people are raised to be "nice". But some just overdo it. They want to be perfect: always helpful, always available, never distinguishing between their own needs and those of others. Inside they're frustrated and unhappy. By analyzing the nine most common pitfalls, "Good Intentions" shows how the afflicted can liberate themselves from this damaging behavior, assert their own needs, and still remain the "good person" they've always wanted to be.

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Table for one: A critical reading of singlehood, gender and time is the first book to consider the profound relationship between singlehood and time. Drawing on a wide range of cultural resources - including web columns, blogs, advice columns, popular clichés, advertisements and references from television and cinema, the author challenges the conventional meaning-making processes of singlehood and time. Lahad's analysis gives us the opportunity to explore and theorize singlehood through varied temporal concepts such as waiting, wasting, timeout, age, the life course, linearity and commodification of time. This unique analytical approach enables the fresh consideration of some of our dominant perceptions about collective clocks, schedules, time tables and the temporal organization of social life in general.

SINGLE or UNMARRIED IS A QUESTION OF CATATONIC EXISTANCE VERSUS LIVING EFFECTIVELY. since the dawn of humanity, not everyone attains the state of true singleness in their lifetime. To be married-like being single-is simply a legal marital status. A truly single person-single or married-is an individual who has discovered God's purpose for his or her life, pursues excellence as a matter of policy in all endeavors, and is matured spiritually, emotionally, and mentally. Notable by their signature fingerprint-excellence-and footprint-matured character, true singles are like the salt of the earth, the light of the world, and a city set on a hill. Employing his innovative and ground-breaking concepts-such as the 'Troublemaker' and 'Artistic-soldier' models-the author discloses in his Magnum Opus that true singleness is a goal to be pursued. It is neither an embarrassment to be avoided nor a burden to do away with at all costs. Achieving true singleness will transform your preferences and priorities. It will help you to differentiate right from good, choose what is right, and, more importantly, do what is right for the right reason(s). To the global community of single adults, this book will help you discover whether you are just an unmarried or a truly single person. It uncovers ancient hidden secrets to becoming a truly single person, living a fulfilling life, and building a firm foundation for marital success. "The awareness Single or Unmarried seeks to generate is well-timed." -REV. JOHN KWESI DARKU Executive Director-Africa, Christ For All Nations (CFAN) "I have been married for over half a century, and the secret is this-discover your life assignment and seek self-knowledge...Single or Unmarried will show you how." -GODFREY DANSO ABRAH Marriage Coach and Mentor, Wisdom Wedge

A New York Times Bestseller The first definitive, unauthorized, behind-the-scenes cultural history of the Bachelor franchise, America's favorite guilty pleasure. For sixteen years and thirty-six seasons, the Bachelor franchise has been a mainstay in American TV viewers' lives. Since it premiered in 2002, the show's popularity and relevance have only grown—more than eight million viewers tuned in to see the conclusion of the most recent season of The Bachelor. Los Angeles Times journalist Amy Kaufman is a proud member of Bachelor Nation and has a long history with the franchise—ABC even banned her from attending show events after her coverage of the program got a little too real for its liking. She has interviewed dozens of producers, contestants, and celebrity fans to give readers never-before-told details of the show's inner workings: what it's like to be trapped in the mansion “bubble”; dark, juicy tales of producer manipulation; and revelations about the alcohol-fueled debauchery that occurs long before the Fantasy Suite. Kaufman also explores what our fascination means, culturally: what the show says about the way we view so-called ideal suitors; our subconscious yearning for fairy-tale romance; and how this enduring television show has shaped society's feelings about love, marriage, and feminism by appealing to a marriage plot that's as old as the best of Jane Austen.
