### BEYOND BELIEF | Kirkus Reviews

In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her "disconnection" from family outside of the organization, and tells the story of her ultimate escape.

Jenna Miscavige Hill was raised to obey. As the niece of the Church of Scientology's leader David Miscavige, she grew up at the center of this highly controversial and powerful organization. But at twenty-one Jenna made a daring break from Scientology. Now she speaks out about her life, the Church, and her dramatic escape, piercing the veil of secrecy that has long shrouded this world. Jenna reveals unprecedented insider knowledge of the religion, its obscure rituals, and its mysterious leader. From her prolonged separation from her parents as a child to her lack of personal freedoms to the organization's emphasis on celebrity recruitment, Jenna goes behind the scenes of Scientology's oppressive and alienating culture. Yet it is only when her family approaches dissolution that she is finally able to see the psychological control that has ruled her life. Faced with a heartbreaking choice, she details how she made a courageous escape, but not before being put through the ultimate test of family, faith, and love. At once captivating and disturbing, *Beyond Belief* is an eye-opening exploration of the limits of religion and the lengths to which one woman went to break free.

Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientologist but left the controversial religion in 2005. In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her "disconnection" from family outside of the organization, and tells the story of her ultimate escape. In this tell-all memoir, complete with family photographs from her time in the Church, Jenna Miscavige Hill, a prominent critic of Scientology who now helps others leave the organization, offers an insider's profile of the beliefs, rituals, and secrets of the religion that has captured the fascination of millions, including some of Hollywood's brightest stars such as Tom Cruise and John Travolta.

"With stories by women from a wide range of religious communities--including Evangelical Christian, Catholic, Jewish, Mormon, Muslim, Calvinist, Moonie, the Unification Church, and Jehovah's Witnesses--the writers in *Beyond Belief* pull back a heavy curtain to reveal what they love about their lives within these communities, along with the pain that comes from the rigid expectations and diminishment of women so often built into religious orthodoxy."--Back cover.

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

\*Now a #1 New York Times bestseller\* "Compulsively readable..." —LA Weekly "Excoriating memoir" —Publisher's Weekly "A sad and painful but bravely told story." —Kirkus Reviews The only book to examine the origins of Scientology's current leader, RUTHLESS tells the revealing story of David Miscavige's childhood and his path to the head seat of the Church of Scientology told through the eyes of his father. Ron Miscavige's personal, heartfelt story is a riveting insider's look at life within the world of Scientology. Not for sale outside the U.S.

In *Beyond Belief*, renowned religion scholar Elaine Pagels continues her groundbreaking examination of the earliest Christian texts, arguing for an ongoing assessment of faith and a questioning of religious orthodoxy. Spurred on by personal tragedy and new scholarship from an

international group of researchers, Pagels returns to her investigation of the “secret” Gospel of Thomas, and breathes new life into writings once thought heretical. As she arrives at an ever-deeper conviction in her own faith, Pagels reveals how faith allows for a diversity of interpretations, and that the “rogue” voices of Christianity encourage and sustain “the recognition of the light within us all.”

“A masterful piece of reporting . . . Reitman tells a spellbinding story of a larger-than-life personality whose quirks, ticks and charisma shaped America’s newest homegrown religious movement.” — Washington Post Scientology is known for its celebrity believers and its team of “volunteer ministers” at disaster sites such as the World Trade Center; its notably aggressive response to criticism or its attacks on psychiatry; its requirement that believers pay as much as hundreds of thousands of dollars to reach the highest levels of salvation. But for all its notoriety, Scientology has remained America’s least understood new religion, even as it has been one of its most successful. Now Janet Reitman tells its riveting full story in the first objective modern history of Scientology, at last revealing the astonishing truth about life within the controversial religion for its members and ex-members. Based on five years of research, confidential documents, and extensive interviews with current and former Scientologists, this is an utterly compelling work of nonfiction and the defining work on an elusive faith. “A meticulously researched history and revealing exposé, a frightening portrait of a religion that many find not just controversial, but dangerous.” — Boston Globe “This book is fearless.” — Wall Street Journal A New York Times Notable Book Amazon.com Best Books of 2011, Nonfiction San Francisco Chronicle Top Ten of 2011

**#1 NEW YORK TIMES BESTSELLER •** An eye-opening, no-holds-barred memoir about life in the Church of Scientology, now with a new afterword by the author—the outspoken actress and star of the A&E docuseries *Leah Remini: Scientology and the Aftermath* Leah Remini has never been the type to hold her tongue. That willingness to speak her mind, stand her ground, and rattle the occasional cage has enabled this tough-talking girl from Brooklyn to forge an enduring and successful career in Hollywood. But being a troublemaker has come at a cost. That was never more evident than in 2013, when Remini loudly and publicly broke with the Church of Scientology. Now, in this frank, funny, poignant memoir, the former King of Queens star opens up about that experience for the first time, revealing the in-depth details of her painful split with the church and its controversial practices. Indoctrinated into the church as a child while living with her mother and sister in New York, Remini eventually moved to Los Angeles, where her dreams of becoming an actress and advancing Scientology’s causes grew increasingly intertwined. As an adult, she found the success she’d worked so hard for, and with it a prominent place in the hierarchy of celebrity Scientologists alongside people such as Tom Cruise, Scientology’s most high-profile adherent. Remini spent time directly with Cruise and was included among the guests at his 2006 wedding to Katie Holmes. But when she began to raise questions about some of the church’s actions, she found herself a target. In the end, she was declared by the church to be a threat to their organization and therefore a “Suppressive Person,” and as a result, all of her fellow parishioners—including members of her own family—were told to disconnect from her. Forever. Bold, brash, and bravely confessional, *Troublemaker* chronicles Leah Remini’s remarkable journey toward emotional and spiritual freedom, both for herself and for her family. This is a memoir designed to reveal the hard-won truths of a life lived honestly—from an author unafraid of the consequences. Praise for *Troublemaker* “An aggressively honest memoir . . . *Troublemaker* is the most raw and revealing Scientology memoir to date.”—Entertainment Weekly “Leah’s story is a juicy, inside-Hollywood read, but it’s more than that. It’s a moving story about the value of questioning authority and how one woman survived a profound crisis of faith.”—People

It is summer 2001 and Sami Traifi has escaped his fraying marriage and minimal job prospects to visit Damascus. In search of his roots and himself, he instead finds a forgotten uncle in a gloomy back room, and an ugly secret about his beloved father... Returning to London, Sami finds even more to test him as his young wife Muntaha reveals that she is taking up the hijab. Sami embarks on a wilfully ragged journey in the opposite direction, away from religion – but towards what? As Sami struggles to understand Muntaha’s newly-deepened faith, her brother Ammar’s hip hop Islamism and his father-in-law’s need to see grandchildren, so his emotional and spiritual unraveling begins to accelerate. And the more he rebels, the closer he comes to betraying those he loves, edging ever-nearer to the brink of losing everything... Set against a powerfully-evoked backdrop of multi-ethnic, multi-faith London, *The Road from Damascus* explores themes as big as love, faith and hope, and as fundamental as our need to believe in something bigger than ourselves, whatever that might be.
